Black & Anderson's saw mill has been running on full time since the first of the month. We believe the firm contemplate putting in an additional sawing machine and two clap board machines, which they hope to have in running order by the first of June.

Chesley Eddy has under construction a number of carriages and wagons. His employees are now busily working on six of them, ordered for the beginning of May.

Julian A. Shea keeps the post office, in connection with his store. The mail matter from this office has troubled within the past three years.

James Warren and Joseph Wright left here on Tuesday, 25th inst., for Calgary, Alberta Territory, N. W. If the country agrees with their expectations they will send for their families next summer.

Accidents.—Geo. Geline, a young man in Chesley Eddy's employ, was accidentally shot in the forehead last November. He has lately returned from a visit to some friends at Woodstock, full from his slight and fractured his thigh. He now lies at Mr. Eddy's in a critical condition. Rev. Jos. Noble, while passing the mill here, was thrown from his sleigh, his horse becoming frightened at the escaping steam. Milton Anderson, with feet worthy of Charlemagne, succeeded in getting into the sleigh and stopping the horse before any damage was done.

Work on the bridge over Hiram's gully is advancing toward completion. The piers are filled with stone, though the flooring and railing are still "unlaid and unseen."

The indications of approaching spring are quite apparent. The entering song of "Gold Pheasants" by the little orchard of Grumble street has been turned to that of "Sweet Violets," and our fiddlers have back hands all around.

# Fit Items.

Our Literary Institute, which has been open during the past three months, is now closed.

C. A. Harmon's saw and grist mill are now open, and by the number of logs in the pond, and the large quantities of wood along the track I should judge business will be good in the coming season as it has been in the past.

We are happy to welcome Mr. Elsie to our midst, who has resided in Nashua, Mass., for a year or more.

Spring advances slowly, as the weather continues to be very cold.

Miss Maggie Harmon, daughter of Arvid Harmon, who has been ill during the greater part of the winter is now better.

Our day school is taught by Miss G. Wheeler of Florenceville who is a very competent teacher.

# East Florenceville Items.

The following items, as you have heard from this place for some time, may not be uninteresting.

We have two good Sabbath Schools in this place. The old Union School was reorganized in February, 1884, and since that time has not missed a session; the average attendance has been 45 scholars and from ten to fifteen visitors. We think that record cannot be beat in a country place. The school has money on hand with which to purchase an organ for the Church and school.

The Sabbath School held in the Baptist meeting house, Upper Peel, is quite a success. The Superintendent is the right man in the right place; he is always on hand to do good and give the young good advice.

Mr. Brewer has stopped working at the bridge on account of the ice breaking around the piers. The government would not have repaired a better man to build the bridge than Mr. Brewer; he has been very particular about the lumber used, and so far has done good, substantial work; the piers are sufficiently finished to secure them against the ice.

Business seems very brisk, everybody is busy and all are looking for higher prices.

Mr. Wesley McMullin intends building a large dwelling house in the summer; he attributes his ability to build to the N. E. wind.

# LATEST FROM EGYPT.

LONDON, March 30.—It is reported that, on the 16th, Gen. Gordon made a sortie from Khartoum with 3,000 men, two guns and a squadron of Bashi Bazaris, accompanied by three steamers on the river. The rebels were encountered near Halfayeh. Sixty of the enemy's cavalry charged the Bashi Bazaris and put them to flight, causing a panic among the infantry, who also fled in great disorder. Gen. Gordon returned to Khartoum. Notwithstanding this check, he declares that Khartoum is quite safe.

On the 17th, Gen. Gordon drew up his troops in the form of a square, in which they kept until attacked by the enemy, when the Egyptians turned and fled. Ten thousand of them were slaughtered and three guns were lost. There are enough provisions at Khartoum to enable this town to hold out until winter.

Cairo, March 30.—A rumor is current that Gen. Gordon surrendered Khartoum some days ago to a sheikh representing El Mahdi, and that three days afterwards he and his Secretary, Col. Stewart, were arrested and imprisoned. The vice-consul of France, Greece and Austria were not molested but were forbidden to leave the town. Sir Evelyn Baring has sent a communication to the Governor of Berber insisting that he ascertain the true position of Gen. Gordon.

LONDON, March 31.—Later advice gives the following details concerning Gen. Gordon's engagement with the rebels near Halfayeh on the 16th: The rebels pursued the Egyptians two miles after the battle. The scene of confusion presented by the retreating troops was fearful. The Egyptian regulars and Bashi Bazaris kept shouting out their grates and betrayed them. The wounded received no attention for seven hours. The troops had been clamoring three weeks before to meet the enemy. In the early part of the engagement the Egyptians were successful and the enemy was actually in retreat, when their cavalry made a dash for charge. Despite the reverse the inhabitants still remain staunch friends to Gen. Gordon.

Cairo, March 31.—It is reported here that the two black Pashas, whose treachery caused the defeat of Gen. Gordon's troops have been court-martialed and shot.

LONDON, April 1.—A despatch from Khartoum says: "We are daily expecting the arrival of British troops. We cannot believe the government will abandon us. Our very existence depends upon Great Britain."

King John offers the services of eight to ten thousand Abyssinians on condition that the English guarantee an allowance of two shillings daily to each man and concession of two ports to Abyssinia. If England agrees to these terms the Abyssinians will attack El Mahdi, and release Mesala.

LONDON, April 2.—Despatches from Gen. Gordon, March 18, state that El Mahdi is a poverty stricken and destitute of trade. A few of Mahdi's followers are there. There are no signs that Mahdi is about to advance upon Khartoum. The Kababish tribe is in open rebellion against the Mahdi.

# A Strange People.

Do you know there are strange people in our community? We say strange because they seem to prefer to suffer and pass their days miserably, made so by Dyspepsia, Liver Complaint, Indigestion, and General Debility when Davis' Quinine Iron and Wine will cure them. Sold by Gardner Bros. 50 cents per bottle, 6 bottles for \$2.50.

Baird's French Ointment will cure the Itch in a few days, cures Salt Rheum, Chapped Hands, Scald Head, Obsolete Sores and Wounds. Sold by dealers.

Mr. George Sewell, of Memramcook, N. B., writing from Moncton, N. B., under date of May 7th, 1878, says:—

DEAR SIR.—In January last I came to Moncton from Memramcook to consult a physician, as I was in the last stage of Consumption. When I arrived here I had at once to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case as hopeless; that I might live a week or two, but not certainly more. At a last resort he recommended "Robinson's Cod Liver Oil with Lacto-Phosphate of Lime." I purchased a bottle and after taking the first dose commenced to improve. It seems after taking a dose, as if I had eaten a good hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would have been in my grave long ago. You are at liberty to use this in any way you wish, as I am anxious to let others, who are afflicted in the same way, know, in the hope that they too may receive the same benefit.

I remain, dear sir, your respectfully, &c.

ROBINSON'S FAVORITEST RESTORATIVE OF CONSUMPTION, WITH LACTO-PHOSPHATE OF LIME, prepared solely by HARRINGTON BROS., Pharmaceutical Chemists, St. John, N. B. For sale by druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

To be Dyspeptic is to be miserable. Dyspepsia is a disease in which a thousand ills seem to be combined, its origin in very many instances may be traced to nothing more than an improper assimilation of the food. To remedy this is to cure the disease. By the use of Harrington's Quinine Wine and Iron, and Tonic Dinner Pills, the organs of digestion are strengthened, the food is assimilated readily, and the disease is eradicated. Many who have suffered the insupportable torments of Dyspepsia for years over the restoration of their health and strength to the use of these medicines. Beware of imitations. See that you get "Harrington's," the original and genuine. For sale by all druggists and general dealers in Canada.

Time and money are both saved by keeping in the house a bottle or two of Baird's Cure-All Liniment. Hundreds can testify to its value for Diphtheria, Rheumatism, obstinate Pains and Lameness.
