EDWARD KENNEDY Woodstock, Nov. 12, '84. -3m-46

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is

wiser now, and knows that SCROFULA

can only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases riches and vitalizes the blood, restoring

healthful action to the vital organs and rejuvenating the entire system. This great Regenerative Medicine

Is composed of the genuine Honduras Sarsaparilla, with Yellow Dock, Stillingia, the Iodides of Potassium and Iron, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best hysicians constantly prescribe AYER's SARSAPARILLA as an Absolute Cure

For all diseases caused by the vitlation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

Ayer's Sarsaparilla PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. [Analytical Chemists.] Sold by all Druggists: price \$1; six bottles for \$5.

small parishes and as well the new parishes fairly, so as not to deprive them of any advantages they now possess in favor of the

larger and older parishes. MR. CAMPBELL—Brighton is progressing, it is true, but not in roads. Peel has had its beidges repaired, and only this last fall thad some \$300 or \$400 from special grants. Not long ago Brighton had three bridges broken down and they had to be repaired, but could not get money from special grants for the purpose. I am glad Dr. Atkinson has brought this matter up, for Brighton is suffering, and so is Kent, on account of the bad state in which their by-roads are. I certainly favor a re-distribution of the by-road money.

MR. GALLAGHER-The special grants are for turnpiking new roads and bridging the larger streams; there are three bridges over the Monquart, which required from \$400 to \$500 from special grants, which could not and should not be taken from the ordinary by-road money. It should be remembered hat in Kent there are large blocks of land not fit for settlement through which roads have to be made while in the smaller parshes all the land is fit for settlement and, indeed, mostly all settled. It is only in \$1798 31 \$2076 30 some years that we get special grants even for turnpiking roads.

Mr. GILLMOR-Peel has received \$300 for curnpiking. I go for a re-distribution of the money as great injustice is now done to Aberdeen, to and through which, over the Shiktehawk road for a distance of 20 or 30 miles all the supplies for that portion of the Mirimichi lumber operations have to be

This road Mr. Gillmor described as being in a very bad state. Peel always got a big money while there is not a good road in the parish of Aberdeen.

MR. HALE-There are some 40 miles of

Northampton there are long distances of granted and unsettled lands before you come settlers. It would be a great injustice to Northampton to reduce the amount she gets by a dollar; the grant to that parish ought to be added to instead of decreased

MR. HARMON-This is a very important matter and requires serious consideration before we adopt the resolution. It should be ask that the sum of two thousand five hundred dollars (\$2,500) | should be negatived.
