MANITOBA CLIMATE DEFENDED.

EDITORS SENTINEL .- While looking over your issue of Jan. 24th, I notice you give prominence to an article copied from Littell's Living Age published from All the Year Round-" A Lady's Life in Manitoba "-1 saw the article several weeks ago and thought at the time it was a huge joke and that it would be treated as such by a majority of people who might read it. After reading it I thought that the mantle of Munchausen had fallen on worthy shoulders, for some of the statements contained therein, rival the stories of even that famous economist of truth. When she tells about the mercury rising to 125 in summer, I presume she rising to 125 in summer she rising to 125 in summe means when it was exposed to the direct rays a sum exceeding \$1.300 of money belonging they would become an easy prey to the and Mr. Robert Smith, and a couple of good fences, the scaling of which with snow-shoes reof the nonday sun. During a residence to the said Institute is at present in the enemy. The Nile was three miles away and readings by Mr. Chas. McLean. After this there quired a great deal of tact on the part of the there of two years the highest degree of bands of the Directors, and as a Free public thousands of rebels blocked the road. The was an auction of pies, which resulted in much men, some of whom alighted not right side up Steinway, Chickering & Knabe temperature I saw or felt was 100 in the Library in our town would be a valuable situation was critical. Col. Wilson then merriment, great surprises, and in adding to on the other side, but with no serious inconvenshade—a point quite frequently reached in boon, would it be considered presumptious ordered a detachment of Hussais to take the fund for church purposes \$21. New Brunswick-but no matter how warm in your correspondent to suggest to the par- robber water sacks and charge through the weather was very unfavorable abundant pedal attachments about the neck and Mason & Hamlin, & Smith-American the day the nights were invariably cool and ties whose duty it is to look after this mat- enemy to the river. They set out with sabres a goodly number attended the meeting of the in the breeches pockets, they arrived slightly pleasant, and when I state that the head- ter, that the time has now arrived when the drawn riding straight for the Nile. The Albert Street Baptist Church Mite Society, at fatigued, but in good spirits, at their quarters, gear worn by our men was what is known as a "forage cap"—a little article resting on carried into effect.
