HAIR RENEWER

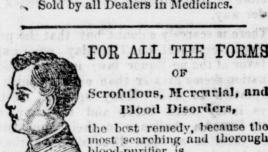

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfilment of its promises. The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

The Hidden Sweetness.

The sweetness that around us lies In dumb persistence by our hearth, Still we can feel what blessed things Make beautiful the earth, And thrill responsive to the sense

But ah; how faintly we are stirred By things divine whose voices seem As ineffectually heard As voices in a dream We praise Thee with our lips, and yet The while we cry. "How sweet thou art

Upon our eyes and heart, The sweetness that we might possess We see sot, and we feel still less. Lord, unto whom our dull desires Are known, and every hindering sin. Kindle a new the fervent fires

In prayer, in fastning, and in pain For us unreconciled, Give to us now, O Christ to see How wholly sweet thy love can be!
