AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including **Constipation, Indigestion, Dyspepsia, Headache, Dysentery,** and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the cheapest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.

W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.

J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

THOUGHTS ON BARNUM'S CIRCUS.—There probably never was a king, nor emperor, nor any earthly potentate who possessed as many advantages and opportunities of obtaining amusement as the ordinary individual of to-day. Nor in ancient times, with all his vast money and power could any tyrant command or get together so varied and wonderful a world of entertainment as any ordinary person of the present time can see for fifty cents. As an illustration of this, just take the congress of strange human beings that are to be found with the Barnum and London Shows. From Nubia are a number of bronzed inhabitants; from Australia some of the lower types of the human family, the tracker or cannibal; from Africa the warlike Zu'u; from Mexico the Aztec or flat head people; from Japan some of its most expert jugglers and wrestlers; from Siam its celebrated Nautch dancers; from Burmah Burmese priests; high and low-caste Hindoos; Afghans from Afghanistan; Todas people from the Nilghiri Hills, in Southern India; Quiche people from Central America; Miramba players from Guatemala; Gypsies from Hungary, all of which surround the sacred presence of the White Elephant purchased from King Theebau, of Burmah, for 200,000; besides Sioux Indians Boomerang throwers, wild men, Albinos and other curious human beings. These of themselves are sufficient to form one of the most entertaining exhibitions ever collected together and to the intelligent and contemplative afford wide scope for range of thought. To this may be added the collection of human curiosities, such as giants, dwarfs, midgets, skeletons, fat people armless, and legless people, etc. When to his again are added the astonishing acrobatic, athletic, equestrian, aerial, and the hundred other different styles of entertainment and the wonders of the two menageries, containing a world of natural history confined in elegant cages; rare beasts, beautiful birds, enormous sinewy reptiles, and huge colossal elephants—when these are taken in their entirety as one show, that anyone can see at such a small sum is it any longer a wonder that the private individual of to-day, is actually in a better position, so far as enjoyment is concerned than any old ruler ever was? There is plenty of food for thought in this idea. The wonderful sights to be seen in Barnum's Circus were never approached by any entertainment ever given in the history of the world, and no one except the practical showman of this country and the age could ever dream of such a mammoth undertaking. When it is stated that nearly the whole world is made tributary to the energy and perseverance of Barnum, Bailey and Hutchinson, that nothing of any value in the realms of wonderland is allowed to escape the vigilance of three veritable princes of showmen, the awe ceases as to their phenomenal success. These entire shows will be here on Friday July 10th, with great street parade in the morning at 8 o'clock.

The "pace" of the British army is 2½ feet for ordinary marching, and 3 feet for "double quick" or running time.

No Lady who delights in Flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c.—sufficient for 20 plants for one year.

MOTHERS should use Philoderma on their infants, as its soothing and healing properties render it invaluable for chafing.

For softening, improving and beautifying the skin, no preparation that has ever been introduced equals Estey's Fragrant Philoderma. Druggists sell it.

A Sudden slip and down you go; an ankle turned and pain intense. What then? A linen bandage with "*Penetrating*" saturate and ease at once. For sale by all druggists and general dealers in Canada.

That the human system requires renovating in the spring is proved by the loss of appetite, lassitude or debility which comes within the experience of almost everyone. Aware of this, it was the custom of our grandmothers to prepare decoctions of Burdock, Dandelion and Cherry bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medical skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefited by their use. Beware of imitatations. See that you get "Hanington's," the *original* and *genuine.* For sale by all druggists and general dealers in Canada.

Weather is now growing warmer, and the extreme languid feeling, want of appetite, dullness, languor and lassitude, effects nine-tenths of the human family and often BOILS, BLOTCHES, &c., that have been lying dormant in the blood for months past now make their appearance, all caused by your blood not being in proper condition. About fifty of *Bell's Combined Cultivator and Horse Hoe* were sold in the Counties of Carleton and Victoria during the season of 1884, and I have much pleasure in referring intending purchasers to the parties who have used them. The *FRAME* is so constructed that it will adapt itself to either wide or narrow rows. The Hoes have *Oval-Shaped Shares,* which experience has shown to be by far the best shape for killing weeds; as a Flat or Diamond-Shaped point, in order to keep clear, must be run so flat that the weeds are left standing, ready to grow after the first shower, while the Oval Point scatters them and leaves them to wither and die. As a *Cultivator* it will thoroughly pulverize the ground and destroy the weeds. As a *Horse Hoe* it will make the Drill cover the potatoes, cut and draw away the earth or weeds from the row, hill them up, and very materially assist in the digging of them. Being composed almost entirely of *Wrought Iron and Steel* it combines Lightness and Strength in the greatest possible degree. It is no exaggeration to say that, with it, a man and boy can hoe more potatoes in a day than four men could do with a Plow and Hand Hoes.

The Combined Cultivator and Horse Hoe together with a FULL LINE of

The Missouri Steam Washer

VERSUS

The old-fashioned, clothes-wearing, back-breaking WASHBOARD.

THE OLD WAY.

Choose which of those you will have to do the work in this enlightened age. The Missouri Steam Washer is no longer an experiment in washing, but is a practical success, unparalleled in the history of Washing Machines. We have been established in Woodstock only a few weeks, but we are almost daily in receipt of letters testifying to the merits of the "MISSOURI" over all other washing Machines used. Read what others say about this labor, time, and clothes-saving Machine. The original letters can be seen at our office at any time:—

METHODIST PARSONAGE, DEBEC JUNCTION, April 21, 1885.

GEO. F. MOTT, *Dear Sir:*—I have pleasure in saying that the Steam Washer purchased from you has given entire satisfaction. I have used it for six weeks and have washed all kinds of Clothing, cotton and woollen, white and colored, with complete success. The objection to some of the old Steam Washers that the clothes were left streaked and yellow does not apply to the "Missouri" for the obvious reason that the dirty water is not returned continuously to stain the clothes, but remains at the bottom of the boiler while the steam does the work. Yours truly, MRS ISAAC HOWIE.

FREDERICTON, April 22, 1885.

GEO. F. MOTT, *Dear Sir:*—Having thoroughly tested your Steam Washer, I find it perfect in every respect. It not only washes the clothes in less than one third the usual time, but it is a great saving in soap and labor; while its greatest merit lies in the saving of clothes, as they escape all wear and tear such as that given by the use of the wash board. MRS. L. W. JOHNSTON.

WOODSTOCK, April 27, 1885.

GEO. F. MOTT, *Dear Sir:*—I am very much pleased with the Steam Washer purchased of you. Although I had no faith in washing machines, yet I can say that the "Missouri" does its work thoroughly, and the clothes look nicer every time they are washed with it, besides being a great saving on the Clothes. Yours Truly, MRS. WM. UPHAM.

☞ Many more could be added if space would permit but we think that those already given are sufficient to convince any reasonable person that this Washer is just what we represent it to be.

Remember the price—ONLY $12.
