No other complaints are so insidious in their ettack as those affecting the threat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trilling or unconscious exoscre, is often but the legioning of a fatal sielman. Aven's Cherry Pectoral has wed proven its efficies in a forty years' fight with throat and long diseases, and should be

taken in all cases without delay. A Terrille Couch Cared. "In 1977 I took a severe cold, which affected ve me up. I tried AVER'S CHERRY FECreall, which releved my longs, induced sleep, and afforded me the rest becessary for the recovery of my strength. Dreadnaught STANDARD HORSE.

REGRET very much the claims made by owners of the stallion Dreadnaught inasmuch as an infinitesimal portion of it will bear the censorial test. He says "his Horse is Standard bred and the only one that has ever stood in Carleton Co." False Pedigrees and decept ve Performances will not in any way import any value of importance to the progeny, but it will effect the standing of horses of morit in themselves and in their produce by misleading the breeder's mind pounded from purest material at a who has no way of knowing only from the claims of owners. It is my purpose to ventilate this moderate cost, at horse Dreadnaught's breezing, and that of his sire Fearnaught, and place it en fairly before the people of Carleton County who take an interest in breeding. The Road and Tretting Horse Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by Young Morrill; dam, the Steve French Horse; she was no trotter of any noted but Fearnaught was got by You note, but Fearraught made him elf Stanlard by his performances. His breeding is disputed and cannot new be determined which horse was his cannot now be determined which horse was his sire, Young Morrid or by a son of Wild Irishman, and his dam was not in the 2.30 list. This shows he was all egether independ to his Sire for his trotting icheritance. His son Diendraught was also out of a mare outside of the 2.50 list, whatever her ability was. In the Register to which Mr. Doncho refers, she is entered as Lady Dix, a good road mare, owned by Joseph Dix, Boston, by whom she was owned before Mr Russell got her and at the time she bred Dreadnaught. This shows that Lady Dix is not in the 2.30 list and consequently makes Dreadnaught not a Standard Bred Horse. There is no record of such performances as Mr Doncho claims for his horse or his dam, with the exception of his three-year-old performance, which is very good at d highly

The Missouri Steam Washer VERSUS The old-fashioned, clothes-wearing,

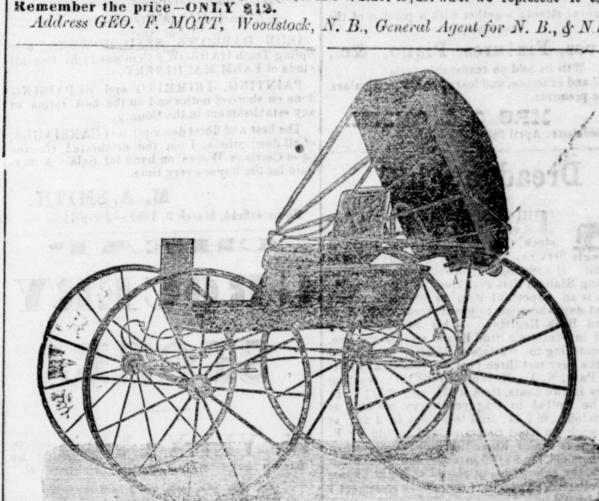

THE NEW WAY. Choose which of these you will have to do the work in this enlightenel age. The lassouri Steam ssher is no longer an experiment in washing, but is a practical success, unparalised in the history of Washing Machines. We have been established in Woodstock only a fare weeks, but we are almost daily in receipt of letters testifying to the merits of the "MISSOURI" over all other washing Machines used. Read what others say about this labor, time, and clothes-saving Machine.

The ori ,inal letters can be seen at our office at any time :-METHODIST PARSONAGE, DEBEC JUNCTION, April 21, 1885. GEO. F. Merr, Dear Sir: - I have pleasure in saying that the Steam Washer purchased from you has given entire satisfiction. I have used it for six weeks and have washed all kinds of Clothing, cotton and woollen, white and colored, with complete success. The objection to some of the old Steam Washers that the clothes were left streaked and yellow does not apply to the "Missouri" for the obvious reason that the dirty water is not returned continuously to stain the clothes, but remains at the bottom of the boiler while the steam does the work. Yours truly, Mrs Isaac Howie. GEO. F Morr, Dear Sir:- Having thoroughly testel your Steam Washer, I find it perfect in every respect It not only wishes the clothes in less than one third the usual time, but it is a great saving in soap and labor; while its greatest merit lies in the saving of clothes, as they excape all wear and tear such as that given by the use of the wish board. Mrs. L. W. Johnston. Woodstock, April 27, 1885.

GEO. F. Mott, Dear Sir:—I am very much pleased with the Steam Washer purchased of you. Although I had no faith in washing michines, yet I can say that the "Missouri" does its work thoroughly, and the clothes look nicer overy time they are washed with it, besides being a great saving on the Clothes. Yours Truly, Mrs. Wm. Upham.

Many more could be aided if space would permit but we think that those already given are ufficient to convince any reasonable person that this Washer is just what we represent it to be. Remember the price—ONLY \$12.
