KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could bo cured by a king's touch. The world is

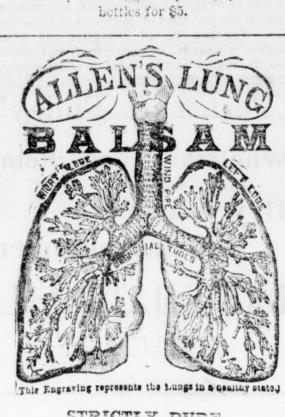

wiser now, and knows that SCROFULA can only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Rezema, Cutaneous Eruptions, Tu-mors, Poils, Carbuncles, Erysipelas, Puralent Ulcers, Nervous and Physical Collapse, eie. If allowed to contime, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladics, are produced by it.

Aver's Sarsaparilla the only noverful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it en-riches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to marriage, etc., resulting from Price, in a sealed envelope, only 6 cents, or two postage stamps. The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be may cure himself cheaply, privately and radically. He accordingly purchased a calliope and a necklace of chameleon hue, and having secured a suite of rooms at a leading hotel near the depot, he engaged the head-waiter as his coadjutor. He then dispatched a letter of the most unexceptional caligraphy extant, inviting the young lady to a matinee.
