THE NEW WAY, THE OLD WAY. Choose which of these you will have to do the work in this enlight me lage. The Misseuri Steam

Washer is no longer an experiment in washing, but is a practical success, unparalleled in the history of Washing Machines. We have been established in Woodstock only a few works, but we are almost daily in receipt of letters testifying to the merits of the "MISSOURI" over all other washing Machines used. Read what others say about this labor, time, and clothes-saving Machine. The original letters can be soon at our office at any time:— METHODIST PARSONAGE, DEREC JUNCTION, April 21, 1885. GEO. F. Morr, Dear Sir: -I have pleasure in saying that the Steam Washer purchased from you has given entire satisfiction. I have used it for six weeks and have washed all kinds of Clothing. cotton and woollen, white and colored, with complete success. The objection to some of the old Steam Washers that the clothes were left streaked and yellow does not apply to the "Missouri" for the obvious reason that the dirty water is not returned continuously to stain the clothes, but remains at the bottom of the boiler while the steam does the work. Yours truly, Mrs Isaac Howie. GEO. F. Morr, Dear Sir:-Having thoroughly tested your Steam Washer, I find it perfect in every respect. It not only washes the clothes in less than one third the usual time, but it is a-

great saving in soap and labor; while its greatest merit lies in the saving of clothes, as they escape all wear and tear such as that given by the use of the wish board. Mrs. L. W. Johnston. GEO. F. Morr, Dear Sir:- I am very much pleased with the Steam Washer purchased of you. Although I had no faith in washing machines, yet I can say that the "Missouri" does its work thoroughly, and the clothes look nicer every time they are washed with it, besides being a great
