the maintainance of highways is not more vision in its bearing upon the rights of the gleaned:against the parish of Kent as granted by the members for by-reads. New, Mr. Tompkins is well aware that more than half of the same everlasting monumers of experteded in building bridges, and it is therefore unfair to put it down as being so much money granted by the parish of Kent as allowing that half of it, i. e., \$102, is so expended on by-roads. Supervision is composed of nine persons allowing that half of it, i. e., \$102, is so expended on by-roads. Supervision is composed to make the parish of Kent as allowed no independent representation whatever. This immortal nine is sentiation whatever. This immortal nine is sentiation the parish of Kent as granted by the members for by-reads. Now, Mr. Tompkins is well aware that more than half of the started the parish of the waters of the Gulf of Mexico, and from this place to our destination we follow the shores of the Gulf, and pass through the State bodd sown upon the water from an elevation along which stately palm trees and large of the oaks down upon the water from an elevation along which stately palm trees and large of the state palm trees and large of the oaks down upon the water from an elevation along which stately palm trees and large of the oaks gardens of citron and orange trees stand. Many nearly whitewashed buildings stand along which stately palm trees and large of the oaks gardens of citron and orange trees stand. Many nearly whitewashed buildings stand along which stately palm trees and large of the oaks gardens of citron and orange trees stand. Many nearly whitewashed buildings stand along which stately palm trees and large of the oak

were 25 miles of road in Peel. By running the parish line between Peel and Kent two years ago, about two miles of road which had been thought to be in the parish of Kent was been thought to be in the parish of the town bas known to the country are intended to play are beautiful little houses of different kinds of the country are important to the cemeteries and Lake But to th found to be in the parish of Peel; this would appear, fortunately for us, no brain power Chief: M B Kelley, Hod Carrier; U R Hanson, an important part in the development of the marble and granite; it is a city of the dead. One make 27 miles for Peel. I know of no other roads in Peel that have been made since 1876 It is self evident that none are able to read A W English, Marshal; Geo Augherton, Parlor that are at all passable for carriages; there and construe the mass of trash which they Croquet; L N Fletcher, Spanish Officer; R J are new roads unfinished. I do not think bave placed amongst our statutes, and which Smith, Esquimaux; A B Reid, Atlantic Cable; these can be fairly counted, but admitting for they flatter themselves are law. Fortunately P Hanson and C Skillen, Country Dynamiters; the sake of argument that there are 40 miles no clause has been passed uniting town and Charles Appleby, Col of Engineers; Wm Reid, in Peel-which is altogether too high an parish into one parish and the overseers had Texan Cow Boy; John Malaney, Printer's in Peel—which is altogether too high an estimate—let us contrast the relative ability of the parishes to make roads, according to this estimate of mileage: Peel has \$4,500 property and about 20 days poll to each mile property and about 20 days poll to each mile parish and the overseers had no power to go to this length. Nothing short of legislative enactment can unite two short of legislative enactment can unite two short of legislative enactment can unite two parishes into one or give one Municipality a voice within another Municipality. In the property and about 20 days poll to each mile parish and the overseers had no power to go to this length. Nothing short of legislative enactment can unite two short of legislative enactment can unite two parish and the overseers had no power to go to this length. Nothing the form of the horse car the Devil; John Beardsley, Jesse James; John Curbshoft of Property and a state room for all night of the other day, froze his hands so parishes into one or give one Municipality. In the property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile where the law is vet on our property and about 20 days poll to each mile of the other day, froze his hands so parish and the own and property and about 20 days poil to each mile of by-road; Kent has \$3009 property and nearly 18 days poll to each mile of by-road. In view of the above facts I claim that Peel In view of the above facts is more able to maintain 40 miles of by road fully watches that the town gains no new ming, Spanish Matador; Winnie Seaborn, Dar- boards when it was discovered and extinguished fruits, the birds, the flowers are brought bither for an Act to Incorporate a company whose object than Kent is 103, and therefore to give Peel advantage by legal enactment.
