A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AVER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspensia, Headache, Dysentery, and a host of other ailments, for all o which they are a safe, sure, prompt, and pleasant remedy. The extensive use of theco PILLS by eminent physicians in regular pratice, shows unmistakably the estimation in which they are held by the medical profes-

NORTH-WEST LETTER. CALGARY N. W. T. May 4th 1885 Since I last wrote nothing of special interest has transpired, still the orders are march they are truly an honour to the province from

whence they came. New Branswickers in this town (and there are not a few) bave often wished to hear the word that some of our N. B. volunteers were rdered out, not that we would wish to have them at the front but we would like to see them in this country that they might give an account of their Stewardship. Such men as our noble D. McLeod Vince and others whom I might name. Just now we hear that the steamer Northcote has arrived at Clark's Crossing, and Gen. Middleton will now have sufficient supplies to march his troops on Batoche where he expects to meet the rebels in full force, we look for a warm reception, and we look for better results than at the last engagement. General Strange and his force consisting of about 600 men including i scouts, have about all arrived at Edmondton, competition with the multitude of low test, short They found all quiet at Red Deer and Peace | weight, alum or phospha'e powders. letter, but wait the results.

Sarcees are camped half a mile from town and are in for a " Grub Dance." I can assure you that not a trader in town is anxious to see them, for there is no money in their " Grub Dances" for the trader. Their dances are conducted in the following order: about 250 or 300 of the best warriors town and seat themselves in a circle on the That Queen of Perfumes for ground, and the old chief Bull's Head acting as prompter takes his seat in the centre o the circle, one of the minor chiefs plays the music consisting of a large hide drawn through Davis & Lawrence Co., (Sole Agents) on a round tub and which they call a Tom Tom. At a given signal the music starts and they all commence to sing and dance. After a few minutes of this kind of work they are again seated and then one of the warriors will deliver a speech. He will tell (how much truth, I will not vouch for) how he has stolen lots of horses and scalped so many white men and so on and then up starts the Tom Tom, and on they go. But the trader and merchant's turn for "dancing" will soon arrive, and in the tea chest and sugar barrel and tobacco bex he will have to go, and so they keep on from one store to another until the whole town is gone through, and they re-

tire to their Teepees. I shall write you again in a short time. Before I close I will give the names of a few of the N. B's resident here; major Dowling, of N. W. Mounted Police, formerly of F'ton; Mr. George Hamilton, of Upper Woodstock, iate of B. Columbia, brother of the late Jas. Hamilton; J. C. Freeze, of Moneton; H. D. Grieves, of Sussex; Geo. Murdock, our may or, of St. John, and numbers of others. It my next if no fresh war news I will tell you what I think of the country and its prospects.

ATTENTEDNY Something entirely New this time!

Choose which of these you will have to do the work in this enlightened age. The Misseuri Steam Washer is no longer an experiment in washing, but is a practical success, unparalleled in the bistory of Washing Machines. We have been established in Woodstock only a few weeks, but we are

almost dai'y in receipt of letters tastifying to the merits of the "MISSOURI" over all other washing Machines used. Read what others sav about this labor, time, and clothes-saving Machine. The original letters can be seen at our office at any time:— METHOUST PARSONAGE, DEBEC JUNCTION, April 21, 1883.

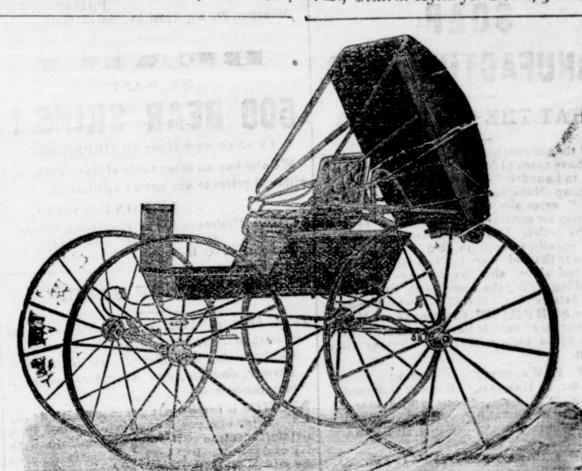

GEO. F. MCTT, Dear Sir:—I have pleasure in saying that the Steam Washer purchased from you has given entire satisfaction. I have used it for six weeks and have washed all kinds of Clothing, cotton and woulden, white and colored, with complete success. The objection to some of the old Steam Washers that the clothes were left streaked and yellow does not apply to the "Missouri" for the obvious reason that the dirty water is not returned continuously to stain the clothes, but remains at the bottom of the boiler while the steam does the work. Yours truly, Mrs Isaac Howie. METH :DIST PARSONAGE, DEBEC JUNCTION, April 21, 1885. GEO F MOTT, Dear Sir:—Having thoroughly tested your Steam Washer, I find it perfect in every respect. It not only washes the clothes in legs than one third the usual time, but it is a great saving in soap and labor; while its greatest merit lies in the saving of clothes, as they escape all were and tear such as that given by the use of the wash board. Mrs. L. W. Johnston.

Woodstock, April 27, 1885.

Geo. F. Mott, Near Six:—I am very much pleased with the Steam Washer purchased of you. Although I had no faith in washing michines, yet I can say that the "Missouri" does its work thoroughly, and the clothes look nieer every time they are washed with it, besides being a great saying on the Clothes. Yours Truly, Mrs. Wm. Upham.

Many more could be a ided if space would permit but we think that those already given are sufficient to convince any reasonable person that this Washer is just what we represent it to be. Remember the price—ONLY \$12.
