save in a few exceptional cases.

## Jommunicated.

FOR THE CARLETON SENTINEL. MESSES EDITORS .- I notice in your issue Samuel Tracy, stating that I have attempted | weight, and I do not think the weight should of the short line surveys, from Montreal to the machine, which is simply a rough common of a beneficial effect on the price of oats. If Moosehead Lake, Mattawamkeag is the shortest, band saw, that he has shown more ingenuity we reduced the standard it would follow that both to St. Andrews and St. John. The route band saw, that he has shown more ingenuity for inventing a quarrel than he has for inventing machinery; and if Mr. Tracy will call on me I will show him my machine, any other in use. And in reference to the average weight of a bushel of oats, I think it Andrews, three at St. John and three at Halifax, article mentioned by Mr. Tracy, I think the would be unwise to reduce the standard, as and twenty-one by the northern route. The in his statements concerning my business. Yours, respectfully, THOMAS DONORO.
