the 5th inst. when it will meet in the F. B, Church, Rockland at 2 o'clock p. m By order of Com mittee.

Communicated.

Above Woodstock. To the Editors of the Carleton Sentinel

The inception, and construction of this that the Council will be cautious and not railroad, by Alexander Gibson & Co., some allow themselves to be talked or cajoled into years ago, having proved a great success goes something for which they will be sorry. far to show what men of like capacity and liberality of investment can do for a country; at once risking all, and taking all risks, breaking new ground, dispelling the deemors of prejudice and avaricious selfishness, and by the exercise of indomitable will, moulding all obstructions into a successful investment All honor to such men, I say, who in early days, and in the uneducated state of public mind in favor of such works, acting on their own convictions men fulls. Cash and the state of public wide, cheaper than ever was known at this time of the year at Bob's, remember that's so every the state of the state of the year at Bob's, remember that's so every the state of the state of the year at Bob's, remember that's so every the state of the state of the year at Bob's, remember that's so every the state of the year at Bob's, remember that's so every the state of the year at Bob's, remember that's so every the state of the year at Bob's, remember that's so every the state of the year at Bob's, remember that is so every the state of the year at Bob's, remember that is so every the state of the year at Bob's, remember that is so every the state of the year at Bob's, remember that is so every the state of the year at Bob's, remember that is so every the year at B own convictions, menfully carried out their time. advanced ideas, and proved to the world the beneficial acts, minds thus possessed can accomplish; rising superior in successful defence of unworthy motives attributed'

The rapid improvement, and important trade created by this road line, is simply wonderful, compared with the dreary past, and now exhibited in the towns, villages, and improved country through which it passes. Located, and running hundreds of miles along the St. John valley, with its immense tributary rivers as branches on each side reaching out like arms from the main. side, reaching out, like arms from the main proach of a tornado. developement up each one to pour out their wealth of products, and over load the capacity of any one line. Utilizing the immense

While moves the western world with projects Uneasy are New Brunswick's sons-thus

ulation, for want of which,-

Uneasy are New Brunswick's sons—thus made to wait.

Such will the future of this river trade, and railroad be Messrs Editors, if true to its first agent for Woodstock and vicinity. No other agent has the right to sell the Wm. Bell organ

Sure-Kill Fly Paper! Remnants of Black and Colored present extended, and turning out its eight t ten car-loads a day of freight, with corresponding passenger travel. Next in order will be the projected branch, up the Presque Isle, from Florenceville east, which now stands second to Aroostook only, as a feeder, though wearily toiling out its products by horse power inadequate to convey the shingles and starch of its many mills, this way; give them but steam-awaking echoes round old Mars Hill, and mark the rebound; Again, we have the Guimic, and Monquart streams, yet to be developed into manufacturing centres of short lumber, and outlets, of immense rearage, in forest and farming products, and thrifty village trade, and so on to Tobique, through well farmed lands, mills and freightage. This river, the Twin of Aroostook, putting into the St. John, a few miles a part on each side, capable of raft run-

> and salmon fisheries, attractive to the sport-Yet, onward moves the iron horse With firm rebound and true,—
> The falls are gained, it's grandeur seen
> In gorgeous, rainbow hue.

bank of which runs the New Brunswick along, to do the carrying trade of both sides. for a distance of seventy five miles, with extensions indefinite. At Edmondston, the projected diverging line to River De Loup grafts on, in the near future, and here the Wadawaska river mills occur, and Temiscouta Lake of twenty-six miles and outlet enters, which lake fed by the Squatic chain of lakes forty miles, in turn make seventy miles of navigable water for small steamers, abounding with fish, and game, and silent forest depths, yet to re-echo the snort of the iron horse. Leaving Edmondston and bounding along the outlet and lake, a distance of forty miles as it booms away, perhaps loaded with England's troops for India, by Vancouver, perhaps the more peaceful article of fish for Canada. Such Cultivated Strawberries veloped, and when I add a chain of lakes, Fish River, and a still ex ending river and lakes for hundreds of miles beyond, it is easy to see what a great Grand Trunk Line will centre bere, and this town from its extended

roots like the royal cak grow great and massive just in proportion as it accepts or rejects, advanced ideas, based on justice to all Woodstock, Aug. 25, '86.

One case of Metal Dress and Mantle Buttons, all shades, with dress clasps to match, newest novelties, at R. B. Belyes & Co.'s. Mr. Burpee Proves His Position.

To the Editors of the Carleton Sentinel In your issue of the 14th inst., your correspondent, George W. White, makes a number of statements so wide of the facts as to excite surprise that even he should commit himself to them. He says :- "We have been very much interested of late in reading the literary profusions of your many cor respondents, but none more so than appeared in your last issue, the writer being S.G. SPICES, Burpee, who appears desirous to give information to the 'fearfully ignorant,' " and then says, "I have made up mails for Florence-G. W. SLIPP. says, "I have made up mains for Florence will East for some twenty years." He says, "Mr. Burpee's word may be good authority in some unimportant matters, but in this we would like to have some proof." If Mr. White had sen really anxious for the proof he asks for he might have found it in any good map of the County or province published within the last twenty years, as, for instance "Rowe & Colby's Map of Carleton County," or the "Railway and Postal

lived in the County twenty years, and every tions over in Peel, directly opposite Florenceville, add never knew there was such a Annoying and expensive.

Do not neglect to have our old Notes and Accounts turned into Cash.

Men often leave the country without paying their bills; you can catch them if you are on the Train. twenty-five years ago. As to the Railway the bald statement that it is called Florenceliving within a hundred miles of the place, and I. M. L. and which must be known to almost any

do in Centreville, besides some places were

not profit by its example. Florenceville

Parlor Suites. East was so named when a post office was

established there. The government requested that a name for the office should be suggested; the name was chosen without the formality of a meeting and has attached to the place ever since. So with this village PARLOR SUITES. Aug. 8 .- Gentiles Seeking Jesus. John of Florenceville, the late Hon. L. A. Wil mot being in the village, in company with Hon. C. Fisher, Attorney General, expressed a wish to change the name to Florence-

> the residents of the village to whom it was mentioned, the change was made. Sorry to have trespassed so largely upon your valuable space with reference to this unimportant matter."

S. G. BURPEE Florenceville, Aug. 25, 1886. One case of Men's and Boy's Brogans only 60 cents per pair, at R. B. Belyea's & Co.'s.

I am, yours traly,

Electric Light. There appeared to be unusual activity on POSTPONED.—The Brighton Parish S. S. Monday morning among the agitators of the convention has been postponed until October Electric Light. I do not think that the C. Council should put this upon the town without their consent, and question, very much, if the Council have authority to issue the amount of bonds necessary without the sanction of the Legislature. All these new innovations such as Water Works, Electric Light, Future of the New Brunswick Railroad are put in practice we find, as we did with the Water Works, that the cost far exceeds the estimate, as they were to cost \$55,000 and they cost nearer \$85,000. I do hope
