piled in the office of the Surveyor-General at
Fredericton, from official surveys, and contains
the most complete map of the province in ex-
istence. It shows clearly the boundaries of all
Counties, and Parishes, and their Names; also
the Railways, with the Stations, and the Water
Roads. The great-great Capital of the County
is indicated by distinct but unobtrusive
lines, marking the limits of the different com-

character.

Miscellaneous.

"Can I see the judge?" asked a member
of the City Council of the former
warden. "Not at present, he is out of town."
"But my business is very important."
"I cannot help it, sir; his honor is at
stake."

Threatened Danger.

In the fall of '84 Hannell Miller, of Malind,
N. S., was prostrated by his bed with an attack
of insipient consumption. Cough remedies all
failed. He rapidly lost his strength, and finally
despaired of his recovery. He tried Burdock
Blood Bitters, with immediate relief followed by
a speedy cure.

The Turk and the man who steps on
an orange peel have much in common.
For instance they both sit down without
calling for a chair. The motions of the
Turk, however, lack energy and enter-
prise as compared with those of the man
who uses the orange peel.

Weather Probabilities.

The probabilities are that we shall have much
damp, chilly, stormy weather during the coming
week. — Just the weather for the season.
Cold. Be prepared for them by having on hand
Hagyard's Petrol Balm, a safe, agreeable,
and speedy cure for colds and their consequences.

A lady of charitable disposition asked
a tramp if he could not assist him by
mending his clothes. "Yes, madam," he
replied. "I have a button, and if you oblige
me by sewing it on, I will give you a coat on it
if you will give me a coat on it."

Consumption Cured.

An old physician, retired from practice, having
had placed in his hands by an East India
missionary the formula of a simple vegetable
remedy for the speedy and permanent cure of
Consumption, Bronchitis, Catarrh, Asthma, and
all Throat and Lung Affections; also a positive
and radical cure for Nervous Debility and all
Nervous Complaints, after having tested its
wonderful curative powers in thousands of cases,
has felt it his duty to make it known to his suf-
fering fellow-men.

Actuated by this motive and a desire to relieve human suffering, I will send
free of charge, to all who desire it, this re-
cipe, in German, French or English, with full direc-
tions for preparing and using. Sent by mail
addressing with stamp, naming this paper, W.
A. NOBLE, 140 Power's Block, Rochester, N.Y.
