Aver's Hair Vigor keeps the hair soft and pliant, imparts to it the lustre and freshness of youth, causes it to grow luxuriantly, cradicates Dandruff, cures all scalp diseases, and is the most cleanly of all hair preparations. AVER'S Hair Vigor has given me perfect satisfaction. I was

nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my head is now well covered with a new growth of hair.

— Judson B. Chapel, Peabody, Mass.

HAIR that has become weak, gray, and faded, may have new life and color restored to it by the use of Ayer's Hair Vigor. ** My hair was thin, faded, and dry, and fell out in large quantities. Ayer's Hair Vigor stopped the falling, and restored my hair to its original color. As a dressing for the hair, this preparation has no equal. -Mary N. Hammond, Stillwater, Minn.

VIGOR, youth, and beauty, in the appearance of the hair, may be preserved for an indefinite period by the use of Ayer's Hair Vigor. ** A disease of the scalp caused my hair to become harsh and dry, and to fall out freely. Nothing I tried seemed to do me any good until I commenced using Aver's Hair Vigor. Three bottles of this preparation restored my hair to a healthy condition, and it is now soft and pliant. My scalp is cured, and it is also free from dandruff. — Mrs. E. R.

Foss, Milwaukee, Wis. Ayer's Hair Vigor, Sold by Druggists and Perfumers.

PERFECT SAFETY, prompt action, and wonderful curative properties, easily place Ayer's Pills at the head of the list of popular remedies for Sick and Nervous Headaches, Constipation, and all ailments originating in a disordered Liver. I have been a great sufferer from Headache, and Ayer's Cathartic Pills are the only medicine that has ever given me relief. One dose of these Pills will quickly move my bowels, and free my head from pain. — William L. Page, Richmond, Va.

Reliable authorities estimate the value of the poultry products of the United States for the year 1886, at the enormous sum of six hundred millions of dollars. But even this amount, large as it is, does not represent the total value of this industry for a single year. In 1876, the United States imported from foreign countries about five million dozen eggs-but in 1885 the quantity had increased to over sixteen million dozen. If these figures are correct, (and there is no reason to doubt them) the poultry industry amounts to more than either the wheat crop, the cotton crop, the hay crop, or the entire product of all our gold or silver mines. We say these figures are astounding; probably not one person in ten thousand is aware that the poultry industry stands at the head. But what is it that has lifted the poultry industry to this surprising eminence? No doubt the discovery of Sheridan's Powder to make hens lay, had much to do with it, but not all. The fact is the
