# The Garleton Sentinel

SATURDAY, MAY 29, 1886.

Building, King street, up stairs.

THE House of Commons, England, voted

A LITTLE while ago the fact was noted that Sir Thomas Erekine May, the great authority on Parliamentary rules, had been reached the sixty seventh year of her age. raised to the peerage. He enjoyed his honors | As usual, we presume, some day later in the and retirement but briefly as he died on the year will be appointed by Victoria for the 16th inst.

AND now the United States have taken trick in the fishing game, a Nova Scotia schooner loaded with mackerel having been seized at Portland, Me., for failure in complying with certain customs regulations which had not been, previously, strictly enforced.

calcimine alone will not do.

among journalists as to notice the anonymous writer of "Fair Play" in the last Press, and say that we don't understand his point. Does he question the statement he quotes from the SENTINEL? or is it the justice of the movement referred to he questions?

A BILL is before Congress making it misdemeanor punishable by fine for any Senator or Representative to recommend or solicit appointments to office. If the executive requires information from any Senator or Representative, as to applicants for office, it is to be asked for and the answer given in writing on prescribed forms.

corresponding period in 1885.

THE " Court of Claims" of the United of rights and interests sacrificed, in the general interests of the whole country, at the vided. having been settled by treaty in 1800.

HARPER'S WEEKLY says: " The American who holds that because he approves the general purposes of a party he is morally bound to vote for anybody or for anything that the party may nominate or decide, is a dangerous, however unconscious, enemy of Republican institutions and of good government.' This is healthy doctrine; the kind of party feeling alluded to is just what is calculated to destroy good constitutional government in any country.

the Premier and given her consent,

proceedings at the "Early Closing" meeting they had hitherto earned their living. on Tuesday evening. The SENTINEL has so frequently expressed itself in favor of this desirable movement, that it is not necessary to remark further now than to express the hope that the present agitation, started by clergymen of the town, may speedily brought to a successful issue. As the case now stands, so far as we can understand, our business men are almost a unit in favor of closing at an earlier bour than at present the point of difference being the hour to be adopted. We hope this point will be at once settled, and in a way satisfactory to all concerned. Let the hour selected be just as early a one as possibly can be consistent with the interests involved.

civil war, and it is harmonious with the opinion expressed by the overwhelming mejority of public men in England competent to give judgment and every person in Ireland of experience, position and respectability. Moreover it is the Mr. Blake. unanimous immovable conviction of the whole Protestant community in Ulster. From my close examination of the position let me say in con- quality, at R. B. Belyea & Co's. clusion that Ulster loyalists would be justified in contending against such a parliament in Dublin, composed mainly of National Leaguers, who i the guise of parlisment would be more tyrannical than in the past. I do not hesitate to say that should their fears be realized, Loyalists would be justified in resisting by force of arms. been started in Cape Breton to have that water in the lake nine feet above the ordinary tional manner, and would make any sacrifice to tablished as a separate province. The Halifax prevent the overstepping of that line."

## The Bait Question.

THE smaller matter is of course involved in the greater, but it would be strange if serious comparatively small question of bait. If our shore berring fishers can catch more than there is a ready market for among Canadian fishermen it would appear to be manifestly for their interest that they be allowed to sell to whom they can. Indeed, under existing Summerside journals voice public sentiment. treaty there is nothing to prevent the selling is disposed in favor of withdrawing from the struction of the Tobique Valley railroad. May Coun. Belyea, the Town Clerk was instructed tention to the buying of Hides and Calf Skins, or buying of bait outside of the three mile confederation. shore limits, so that by rowing out three miles the Canadian bait catchers may sell to American fishing vessels lying off at that that we lead in Clothing.

Retaliation is all very well but it don't seem a very wise way of attempting to retaliate upon the Americans for not allowing our fishermen to enter their fish free in American ports by denying our own people the liberty who was, last week, sentenced to imprison- We have much pleasure in announcing the who was, last week, sentenced to imprisonis a large and involved one, but merely looking at the present item of that large question it would look somewhat the same as if we refused to allow Americans to come into the provinces and buy our potitoes and other products of the land, because the Americans levy a duty upon the same when entering their ports. Canada should not only enjoy the right to make laws for the protection of her own interests, and her own people, but mings to match, just opened at R. B. Belyea & and leave bruin alone with the plow. Ben and New Summer goods opening daily at Hugh should unflinchingly maintain those rights; it is 1 Co's.

one thing however to protect and preserve our own fisheries for the exclusive use of our own people and quite another thing to limit them | papers. as to the right to sell their fish after they are caught. Therefore we conclude that if it be first insertion; 15 cents each subsequent inser not so recognized by present laws and treaty, a change might with advantage be made so day

The Boston Herald says with a spice of MR. J. H. BATES, Newspaper Advertising sarcasm :- Our fisheries must be protected Agent, 41 Park Row, (Times Building), New | We observe that the captain of the American fishing schooner seized in the Annapolis basin is a man from New Brunswick, who left his home because he could not sell fish in the slacking lime. United States, and came to the United States, where he takes the place of one of our pro tected fishermen, there being still free trade in men, if not in fish. We shall be curious

SENTINEL Office, in Vanwart's Brick to learn how many of the hands on this vessel were Americans, and how many had been induced to leave the maritime provinces Canada for a country which knows enough to tax fish and be great. The poor Canadian recently on the question of Capital punish- fisherman has a hard time at home. We shut ment and decided against its abolition, 62 to out his fish, and his own country will not le

## Queen's Birthday.

HORSE HOE! HAS been in use in this and the adjoining Counties during the seasons of 1884 and 1885, and we can confidently state that no other Implement designed to do the same work ever gave such universal satisfaction. Being made almost entirely of Wrought Iron and Steel, i combines lightness and strength, and it is so constructed that it can in a minute be adapted to fit either the widest or the narrowest rows. The shape of the Shares is undoubtedly the best for killing grass and weeds, as a fist or diamond shaped share, in order to have it clean, must be run so flat that the weeds are left standing, ready to take root and grow after the first shower, while the oval point scatters them about and leaves
