## MARITIME BANK

Never were there revelations of rottenness more astounding, in connection with a business concern of supposed respectability, than those submitted at the meetings of the shareholders and creditors of the Maritime Bank in St. John last week, and, bad as the showing then was, a St. John paper remarks, "there is a wide-spread impression that the half has not been told," further the Sun, from which we have just quoted, says:—

The only security held was on one vessel and all that Mr. McLeod would give voluntarily in addition was security on his two mills in Kent County. The statement of his affairs which he submitted showed a large surplus, and he professed to be confident of his ability to pay all liabilities, and, if shipping and lumber only yielded anything like the returns they had done, to reduce them very rapidly. The debt has not been reduced one dollar since. When pressing him for security, he wrote me a letter of which the following is a copy: 'I have considered carefully the question of the security suggested yesterday, and am quite convinced it would not benefit either the bank convinced it would not benefit either the bank or myself were I to give it. I am thoroughly satisfied of my ability to pay your bank every cent of my indebtedness, and pledge myself that should any unforseen circumstances arise which would dissapoint my just expectations in this respect, I will prefer your bank before any other creditors to whom I might be in lebted. I made a proposition that instead of building the Tobique Valley Railway from Plaster Rock to Perth Centre, that the line be built from Plaster Rock, through the back country, touching Beaufort and the various settlements of Glassville, and connecting with the N.B R R., at Hartland, thus combining the two lines, and developing a fine section of the province. I made this statement at a meeting of the government with a delegation working in the interests of the Tobique Valley Railway from Customs officials to observe a strict watch over all ships arriving from American and European ports with a view to preventing the landing of dynamiters.

bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable. For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health. — W. T. Regulate my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia. -G. F. Miller, Attleborough, Mass. Ayer's Pills cured me of Stomach and iver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them. - Morris Gates, Downsville, N. Y. I was attacked with Bilious Fever which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor. John C. Pattison, Lowell, Nebraska. Last spring I suffered greatly from a roublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time,

with Indigestion, and distressing pains in

The Bowels. By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga. I have long used Ayer's Pills, in my family, and believe them to be the best pills made. - S. C. Darden, Darden, Miss. My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.
