Hoetry.

A Season Song. Dur orchards are ripe, our vines are bending Low in the sun down their purpling rows; The keen-edged stroke of the sickle descending

And the breath of the morn

Is as rich as the wine from the press that flows. The stubble slopes of the grain field glistens With a tinge like gold as the fleet days pass; The wind-harp's music you hear, if you listen Murmuring low. Now swift, now slow, And a russet stain lies over the grass.

hrough wine and orange the woods' leaves shad Have painted the land like a lovely fire; h, can it be that the old year's fading, When it blooms anew With each royal hue

That the soul of an artist could well desire?

There's a muffled sound as of nuts down-dropping And the ring far away of a lively flail; he sweet June hay from the mows is cropping, And the dun cows wait At the barn-yard gate, While the chore boy lage with the milking pail The days shrink shorter, the nights grow chilly,

The wood-pile swells to enormous size:

Goes down the hill To be ground by the mill, And the farmer waits for a crop-price rise. Now gay is the land as with rollicking laughter; There's a tang in the air that abolishes ills. Away with thought, though care tollow after!
There's no time for sighing

Selegt Tale.

While autumn is flying, With fruits in the orchards and nuts on the hills.

-Estelle Thomson.

SAVED BY A KISS.

'Elma Griffin, died April 15, 1849, aged 19 years, 4 months and 6 days.' The words were engraved upon a silver plate, but there was no coffin under them. Mrs. Purroy, an elderly lady, visiting friends living on Clinton avenue, Alameda, but whose home is in Brooklyn, N. Y., looked with an air of mingled pride and reverence upon the carving, for her name was once Elma Graffin, and the coffla that was made to hold her remains. 'On my nineteenth birthday,' she said. 'my mother invited a party of acquaintances to our house to celebrate the day. JOHN BARNETT, ances to our nouse to celebrate the day. We lived some distance outside of Williamsburg, as it was then, and the ground was a little soft and boggy. One of my friends remembered this as she was about to start for her home with her

more miles of completed railway than any population of the same size in America. The New Brunswick Railway, 446 miles in length, con-

Scotia Land Plaster, as I realized like a lightning flash may play Heaven's sweetest tunes on a young lady here who has had catarrh for a Montreal by a realized by a real a young lady here who has had caterrh for a Montreal by a railway by way of Lake Megantic long time. Please send at once and I will try the business of St. John will largely increase. and make its worth known in this place. It is Fredericton, the seat of Government, 90 miles bury me! I strove hard to speak; but Hope is like the wing of an angel, a pleasure for me to work for the suffering and up the St. John River, is a beautiful little city, and Woodstock, St. Stephen, St. Andrews, Chatham and Moneton are all pleasant towns,

look a self evident proposition.
"Why not?" said I. Then came a Editors & Proprietors.

My temper was gone. My mind was going. I was invited to try various remedies.

" But how?' I inquired.

" Fill the tooth with gold," they explained. The tooth was thus primed, but the toothache

went on. " Clear it out," said others. "How-how?' was my agonized excla-

and floraline. No good.

" I am ready for the parliamentary cure,"

There is no Province of the Dominion of Canada that combines so much of the picturesque

ed States for the past week, against 119 the preceding week. Canada had 24, a decrease though there were a few families settled on the Take P. P. and have it ended.
All praise the power of "Pierce's Pellet,"
Wise people buy and druggists sell it.
Freight traffic on the New Brunswick Rail

Inst census, taken in 1881, the number of innabitants was 321,233. This rate of progress some of the residents of New Brunswick are disposed to consider slow, and it certainly is so when compared with the rapid flow of population into way has increased so largely lately that the a prairie region, but the conditions are wholly management have had to establish as sup different. At all events the present population plementary to the daily fright trains, a tri-

I was really ill. She hurried me to bed immediately, and when she came to call me the following morning she looked me to gratified with the result sum and are so gratified with the result sum and are so gratified with the result it. In 1840 the States lying near it. In 1840 the States of Maine had 501,793, it. In 1840 the State of Maine had 501,793, inhabitants; 1880 it had 626,915, an increase of of only 25 per cent, in forty years. In the same Royal Highness in Office.

The notice which this appointment, and I could only cry out: 'Robert! Where is Robert?' and they told me hardly thinking that I heard them.

Royal Highness in Office.

The notice which this appointment, period the population of New Brunswick increase of more feverage of Maine in forty years. In the same owing to the idea of some manufacturers of get-ing something out of nothing, if possible. Grocers get 6 boxes for 5 of some kinds, and are forty years was 125,000; the actual increase of Maine in forty years. In the same owing to the idea of some manufacturers of get-ing something out of nothing, if possible. Grocers get 6 boxes for 5 of some kinds, and are forty years was 125,000; the actual increase of New Brunswick was 165,000. With New Hampshire and Vermont the comparison is still more favorable. New Hampshire and 204 574

the Province is suffering less from the Western

fertility. The upland varies in quality, the
