nians to murder Hartington, but they scorn fully refused. American Fenians then un- as his father continued to beat his mother dertook the task, arriving on the continent a John seized a gun heavily loaded and comfortnight ago. These in concert with a few Irish Fenians arranged to remove the rails on the road between Keozstown and Dublin to and his son fired. Unfortunately his aim week the train carrying Hartington and was bad, and Mrs. Edwards and a daughter G schen last week. In the excitement, shots who had just gone to her assistance received Treas.—Mrs. John Fisher,

Standing Committee:—Mrs R. B. Porter, by the English visitors. This scheme was died in a few minutes, but before doing so aband med when it was known Hartington exonerated her son. The girl is not expectand Goshen traveled by different trains. The ed to live. Young Edwards has surrendered lin. It was next arranged to attack Powers P. Bradley. London House, is showing a mag- carriage in a lonely lane and murder Hart ington or carry him into the Wicklow mounta'ns to be held as a hostage for the release of O'Brien and other political prisoners Everything was matured, but the plot miscarried, owing to the watchfulness of the

Our Potatoes. The Boston Traveller publishes the following result of an interview with the general surveyor of the Port of Boston, which is

"There is a noticeable improvement in the quality of the potato crop of the provinces the entire importation of potatoes from that & Co's. Those wanting to purchase a fine piano are quarter was badly damaged, so badly damaged that upon its arrival at this port from 20 H. Paxton Baird is showing a particularly to 50 per cent of it was found to be worthless, and had to be disposed of as garbage by A elight flurry of snow Wednesday night; the health authorities, who are very strict as well as very vigilant in looking after such Read our newsy letter from St. John, which matters. They refused to have the damaged portion of any cargo landed and carted Th weather continues mild and pleasant, but through the streets, on the ground that it would endanger the health of the community, and it was accordingly transferred from the vessels to the garbage scows, and in that and thus place themselves in antagonism to Fleming, Kansas City, Mo., have our thanks pixed of. The potato is an important article Fall and Winter Stock of commerce at this port, the importation this year amounting to 30,624,103 pounds, or 15.311 tons. This year nearly all of the potatoes from the provinces are of prime Ladies', Gents' and Childrens' Overshoes in quality, very few of them being damaged at all, while our New England crop is not a particularly good one. What the imports this were employed in the trade, and so far this year there has been no sensible falling off in their business. Potatoes pay duty at the rate of 15 cents per bushel, the bushel we ghing 60 pounds. Yes, the duty is consi lered excessive, and considerable complaint

in future to be treated as being purely of the participate, as heretofore, by way of award fact in every material manufactured— uitable change has been made in order to remove the dissatisfaction which existed to a greater or less degree among importers in reference to a WANTED-A Second or Third-Class Female LEATHER CASES, &C. case where the penalty might be held to be consequent upon an interested view of the Terms, tovaluation of any class of goods being taken
