Wilmot Parish Convention.
The Quarterly session of the above body was held on the 20th inst. Notwithstanding the fearful state of the travelling, a goodly number of representatives and visitors were present, and the session was of considerable interest.

The first half-hour of the afternoon session was occupied in devotional service, led by Bro. Geo. McClintock. After the usual routine, very encouraging verbal reports were given by representatives from the several localities. Interesting remarks were also made by Revs. Harvey and Howard, G. W. White, G. L. Holyoke and others.

In the evening session, at which there was a full house, after a half-hour devotional service led by Rev. Geo. Howard, Bro. McClintock took the chair, and introduced the following whose efforts were highly appreciated by the audience—Rev. Geo. Howard, Rev. Mr. Foster, G. L. Holyoke, and C. A. West, addresses. A considerable singing by a number of children who had been carefully trained for the occasion and was led by Miss Edith Johnson as the organ. This lady skillfully presided throughout at the organ and Mrs. Briggs read an admirable paper on the qualifications of a Superintendent.

TOWN COUNCIL.

January 25, 1887.
Councilors all present. The Mayor presiding.

His Worship having called the meeting to order, said he was sorry to have to announce that, in his opinion, the previous meeting of the board was not a legal meeting. The irregularity in connection with the holding of that meeting was his fault and no one else's. He had omitted, under the circumstances, it was better to call this present meeting when in a very few minutes, the Council could do over again all that it had done at the last meeting. It might be that he was wrong and the previous meeting all right, but as there were important interests at stake it was better he thought to be sure and safe.

Mr. Murphy thought His Worship should in justice state his reasons for concluding that the previous meeting was not a legal one.

His Worship read a section of the law which provides for meetings being called by the Mayor or four Councilors, three days public notice of such being given. A meeting so called, he said, would be a legal meeting; and such had been the manner in the past of calling all not adjourned meetings. He had been quite sick at the time and over-looked the fact that the notice was signed by the Clerk instead of by himself and not issued in time, nor properly posted.

Mr. Murphy must contend that the meeting was a legal meeting. There was nothing in the section of the law just read to warrant the conclusion that notices should be posted. He submitted that a public notice had been given and this he thought could readily be proved. They should consider what legislators had in their minds when passing the law. The object clearly was to provide that Councilors should have a proper notice of the meeting to be held. The statute here was merely declaratory. All the Councilors present and all were present at the previous meeting. Therefore the object of the law being reached he could not admit that the meeting was illegal. He was of opinion that the meeting of that date had been held when no more public notice had been given. Mr. Lindsey was of opinion that the section of law read did not refer to the first, but to subsequent meetings of the Council. The section says meetings may be called from time to time, and that language justified his view. The law provides that at a certain time the Mayor and Council go out of office; how could the Mayor or four Councilors give notice before the Council was organized? Where would the four Councilors be found? His Worship—Who then must give notice of the first meeting?

Mr. Lindsey contended that due public notice of the meeting had been given, because every Councilor, every individual, interested knew when the meeting was to be held. His Worship—Are you willing to assume the responsibility as to the legality of the meeting? I acknowledge my responsibility for the mistake.

Mr. Lindsey said, when a wrong does acknowledge it, this will help the public notice. He thought the intention of the law was to provide for calling meetings subsequent to organization if the Mayor should fail or refuse to call them.

His Worship—If there are no Councilors competent to call the first meeting and the Mayor should refuse, how then?

Mr. Lindsey—A vote of want of confidence would have to be passed. And then the law provides for four quarterly meetings. However on this as most matters it seemed lawyers differ. Some lawyers say the meeting was legal and some that it was illegal.

Mr. McLeod—As there is a doubt on the matter, it is better we should give our worship the benefit of the doubt and do the work over.

Mr. Slipp said that peaceful councils were always best, and he for one, in this matter, was willing to adopt the easiest and safest way of getting over the difficulty if the meeting was illegal. His worship had taken a mainly course in stating his opinion and acknowledging his mistake.

Mr. Lynch said the whole question rested what under the law, the public notice. If there are doubts, as there certainly are, as to the legality of the last meeting, it would be wrong not to ratify the proceedings of that meeting and legalize them.

Mr. Murphy was willing to co-incide with many of the views that had been expressed, he certainly did not wish to jeopardize any of the Town's affairs by asking the Council to risk in any way its interests. Still, it was his opinion, and one that he could argue before any properly constituted tribunal that the meeting was legal.

His Worship said he had merely wished to relieve himself of the responsibility of the situation and was glad to find that most of the Councilors agreed with the mainly and fair view expressed by Mr. Slipp.

The minutes of the last meeting—of last year—was now read and approved.

His Worship read a statement from L. P. Fisher, Esq., to the effect that certain land willed by the late J. M. Connell to the Town would be surrendered when the Council desired it.

Mr. Lindsey suggested that legislation would be required to enable them to devote the bequest to objects other than that for which it was devised.

His Worship declared the Council organized.

Council then proceeded to re-enact the resolves of the previous meeting, the result being the same, and having been printed last week need not be reprinted now.

In motion, Mr. D. McLeod Vice was elected Town Auditor.

When the time arrived for appointing committees, Mr. Murphy moved, seconded by Mr. McLeod, that the Council appoint the several committees.

His Worship said he did not wish to appoint the Committees, but he believed if the motion passed it would be the first time in Woodstock that the Council and not the Mayor appointed the Committees. He was sorry that there was shown a personal feeling against himself and a disposition to fight him; however, he would not help it; he was there as Mayor, and would stay there all the same.

Mr. Smith moved, seconded by Mr. Graham, in amendment, that the Mayor appoint the Committees as in former years. Carried—yeas, 11; nays, 1.

The Committees were then appointed as follows, (slightly differing in composition from those appointed at the last meeting).
Finance—Scale, poor, Town Hall, police, license, contingent—Messrs. Lynch, Slipp, Dougherty, McLeod, Murphy.
Audit—Messrs. Lynch, Graham, Slipp, Lindsey.
Committee to take into consideration all civil affairs and see if any system can be devised to lessen taxation by uniting certain offices, appointed as follows—The Mayor, Messrs. Lindsey, McLeod, Murphy, Lynch, Smith.
On motion, resolved that the Mayor be a member of each committee.

On motion, the following, named by the Marshal, were appointed Town Constables:—John Dalton, George Bridges, Arthur McMurphy, James Munro, Charles Jamieson, John Campbell.

It was decided that \$5, per night or day, including lights, fire and janitor's fee, should be the price charged for the Town Hall, for political and other public meetings of the character.

Mr. Murphy wished to speak of and move a resolution on a matter which had been called to his attention by reading the statement, as published, of His Worship. He hoped His Worship would not think him disrespectful, but he felt that as he had previous remarks and a previous resolution, for then as now (Mr. Murphy) had an intention of giving the Council a statement, that any one might suppose from reading His Worship's annual statement that \$1400 was all there was of the Mechanics Institute money, whereas he thought, including interest that fund should now amount to some \$1700. Mr. Murphy then moved a resolution as to the disposal of the Institute fund, and a long and interesting discussion followed. Many Councilors thinking that the fund should command a higher rate of interest than 4 per cent, which the Town was now paying for it, the money having been in connection with the Electric Light expense. A few explanations by the Mayor as to the management of the fund, &c., Mr. Murphy withdrew his motion.

Proprietary Medicines.
A visit by Dr. Green's Laboratory, at Woodbury, N. J., has considerably changed our view and especially our prejudice in regard to what are generally known as "Standard Patent Medicines." Of course we are getting to that age in life when we are forced to conclude Life itself is a humbug, and naturally distrust anything that has not withstood long and tried experience. Being a physician I had curiosity to know how such a sale of two medical preparations could be sustained for so many years. The perfect system upon which the business is conducted, and the pharmaceutical arrangements for the manufacture of the two remedies which we were made acquainted with, are sufficiently convincing to us that the *Acetone* *Flowers*, for Dyspepsia and Liver Complaints, and *Boscuyer's* *Ginseng*, for Rheumatism and Lung Troubles, were for the complaints they are recommended, most excellent remedies, and just what is needed in our practice, medical ethics prevent us from prescribing them without making the formula's public. When we were shown the great quantity of voluntary letters having been forwarded to Dr. Green, from all parts of the country, and from all classes of people, lawyers, ministers and doctors, giving a description of their ailments, testifying to their cure, etc., I feel like endorsing Dr. Green's suggestion that the Government accept such valuable formulas, and license them for general use by giving protection to the inventor name as patents generally.—*Copied from N.Y. Druggists' Circular of Oct. 1886.*

CAMPBELL'S TONIC ELIXIR

This accessible yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Fatigability. It is a valuable remedy for Anemic Dyspepsia, which is apt to occur in persons of a gouty character.

For Impaired Blood, Loss of Appetite, Debility, and all ailments where an effective and certain stimulant is required, the Elixir will be found invaluable.

In Fevers of a Malarial Type, and the various evil results following exposure to cold or wet weather, it has been proved a valuable restorative, as the combination of Chinese Quinine and Serravallo's are universally recognized as specific for the above-named disorders.

Sold by all Dealers in Family Medicines.

Price, \$1 per Bottle, or Six Bottles for \$5.

The Appetite

May be increased, the Digestive organs strengthened, and the bowels regulated, by taking Ayer's Pills. These Pills are purely vegetable in their composition. They contain neither opium nor any other dangerous drug, and may be taken with perfect safety by persons of all ages.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, and was constantly afflicted with Headache and Distress. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills. In a short time my digestion and appetite improved. My bowels were regulated, and by the time I finished two boxes of these Pills my tendency to headachings had disappeared, and I became strong and well.—
Darius M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and General Debility. I commenced taking Ayer's Pills, and before finishing half a box of these pills, my appetite and strength were restored.—
C. O. Clark, Danbury, Conn.

I was known to me for regulating the bowels, and for all diseases arising from a disordered stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

BY USING
three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—
John A. Smith, St. John, N.B.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, and was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep refreshing.—
Henry C. Hemmaway, Rockport, Mass.
