Tine What Merit Will Do. The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the salest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely d fferent principles from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heats the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appear ance, will save Doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.
