SPENT IN BED!

in use in this country nearly two years. From a very small beginn ng and with very little effort the trade has grown until the sales have run up into the thousands, and with the exception of a slight defect in a few of the first manufactured the Beds have given universal satisfaction. In fact in many localities the very name has become a syronym for Esse and Comfort. The EXCELSIOR SPRING BED is a later invention which while retaining all the elasticity and freedom of while retaining all the elasticity ard freedom of action which characterize the FUITERFIELD, is so securely braced that there seems to be no possibility of the cutside springs being bent inward under any circumstances. Having purchased the Patent Rights for the above mentioned beds. I am prepared to farnish them at either Wholesale or Retail.
