OUR OTTAWA LETTER.

(From Our Own Correspondent.)

OTTAWA, May 29.

The Cabinet, composed of Her Majesty's ministers, is a complex and curious body. Although the changes in it are numerous yet it remains one responsible body and still the Cabinet. This time Sir Charles Tupper disappears from it and the portfolio of Finance is handed to Hon. G. E. Foster. Next to the Premier the Minister of Finance is the most important member of the Cabinet and is sufficient excuse for a sketch of Mr. Foster albeit already a well known public man. His age is 41 and in appearance is more of the professor than the politician. After taking the degree of B. A. at the university of New Brunswick, he successively became principal of a public school, of a Baptist Seminary, of a Ladies' High School, and in 1871 a professor of classics and history in the university. In 1885 the N. S. Acadia College made him a D. C. L. He did not enter the Commons until 1882 when he defeated the Conservative nominee Col. Domville, running as an independent. In 1885 he became Minister of Marine, and at the last general election he beat Col. Domville by 475 majority. He has been an ardent prohibitionist. He is a plausible speaker and very ready in debate. It is thought by those well informed that Mr. C. H. Tupper, the member for Pictou, will succeed Mr. Foster.

Sir Charles Tupper's return to England as High Commissioner, vacates his seat in Parliament. Ex. Attorney General Pipes is the standing Liberal candidate, and the names of Arthur Dickie, son of the Senator, and Hon. Hiram Black of Nova Scotia, Councillor, are mentioned as the Conservative candidates in Cumberland. At the general election the Conservative majority in that riding was 668.

A BIG SEIZURE.

I heard yesterday that the Customs Department has 12,000 Singer sewing machines under seizure. It seems that as the Co. were about manufacturing a new patent machine to run without the noisy shuttle they reduced the price of their old stock and shipped 12,000 into Canada invoiced at $12, so the Customs seized for undervaluation. The Co. have now their new machines out and offer to sell the seized ones to the Customs for $12 a piece.

REFORM AT RIDEAU HALL.

Sir John Macdonald agreed with Sir Richard Cartwright when the latter voiced the opinion of the Public Accounts committee about extravagance at Rideau Hall. To be plain about it the grossest waste and plunder of the public funds by the officials of Rideau Hall are well known to many and especially to the tradesmen of Ottawa whose bills for goods furnished would startle a Governor General if he was allowed to see them. The system has been to grant any and all requisitions made on the Government who have been called upon to purchase crockery, linen and such articles as ought to be paid for out of the Governor General's salary of $50,000 which is intended to cover everything. At every change of Governor all or most of these things disappear mysteriously, and when a new viceroy arrives a complete new outfit of household effects is furnished and much of the furniture used by the predecessor is replaced by something to suit the artistic tastes of the new comer. I learn that it is the Government's intention to try and stop all this upon the arrival of Lord Stanley. The servant's at the Hall waste enough every year to keep ten Canadian households in comfort and luxury.

DO YOU SMOKE?

The number of domestic cigars manufactured in Canada is registered in the Department of Inland Revenue and amounted last year to 85,587,505 or about 18 for every man, woman and child in Canada. Of these Montreal made 40,000,000, and Hamilton nearly 7,000,000, and Toronto nearly 6,000,000.

STANLEY'S ARRIVAL.

Our new Governor General will reach Quebec in another ten days where he will be sworn in by the Administrator General Sir John Ross, the new commander of the British forces in America who has just arrived at Halifax. Lord Stanley will come on to Ottawa and be officially installed, unpack his gripsack, hang his new uniform on a nail behind his bedroom door and go fishing. It is not as might be thought to provide his own dinner, but to ascertain as our new superintendent whether any of the salmon hatched at the hatcheries at Newcastle live long enough to bite at the angler's rod.

THE COLORS OF THE 100th REGIMENT.

The other evening the original colors of the 100th Regiment (Canadian) were deposited in the Library of Parliament with military pomp by General Middleton. Of the officers of this historic regiment there are a dozen survivors occupying high positions to-day in Canada. The regiment was raised in six weeks to go to India during the mutiny in 1857 or 58. The colors now occupying an honored place in the most beautiful building in America were presented by the Prince of Wales and they were sent to Canada on the occasion of the presentation to the regiment, now in India, of new colors by the Countess of Dufferin last year.

CAPITAL CHAT.

On dit, that Mr. Baker, the senior member for Victoria, B. C., is to replace Senator Macdonald who takes the collectorship of that port.

Hon. Wilfred Laurier is to make a political tour of Ontario.

Hon. J. A. Chapleau will, this Summer, deliver political addresses both in the Maritime Provinces and Ontario.

Over fifty rooms in the House of Commons building are occupied by officials.

In April $7,382,000 dutiable goods were imported.

The Minister of Railways is well enough to take exercise.

Sandford Fleming, C. M. G., has been elected President of the Royal Society which met here last week. The Marquis of Lorne has been delegated to represent the society at an educational centenary in Bologne, France.

Mr. Blake has recovered his wonted health and will it is believed resume his old position next session.

Mr. Laurier has been a popular leader during the session just closed.

Lansdowne's departure was the occasion of a demonstration but there was not a spark of enthusiasm.

To the Editors of the Carleton Sentinel:

Unfortunately for some time past, a newspaper correspondence has been carried on between Mr. W. B. Belyea and myself, and, as we have both agreed to stop all further correspondence, I hereby accept his retraction and say that I retract all statements that I have made in reference to him, and thus end the matter.

Dated May 30th, 1888.

"Decoration Day."

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and a united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the New York Family Story Paper has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Leonore; or, His Grave Kept Green." In the same paper will also be found a weekly instalment of the "Life and Adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and those of our readers who are not already enjoying them will do well to obtain No 766 of the New York Family Story Paper of the newsdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Vandewater Street, New York, and receive the paper four months for *one dollar*, postage free.

A Year's Experience!

AFTER nearly a year's use of SIMPSON'S LINIMENT, I have proved it to be what I supposed at first it was, an excellent Liniment to have about a Stable. I have used it in cases of

Cuts, Galls, Bruises and Sprains

on my horses, and in every case found it to give relief at once, cleansing the Cuts and Galls so that they healed rapidly, and reducing the soreness in cases of Sprains and Bruises in a short time.

Nothing has presented itself to me that so effectively

Relieves and Prevents the Horse Distemper.

I have also found it of very great service both in my family and in the families of my men, in cases for which it is intended to be used.

WARRIOR MOWER!

The Old Warrior Mowing Machine to the Front again!

I BEG leave to inform the public generally that I have secured the agency of the OLD WARRIOR MOWER of 1873 patent, for the County of Carleton.

The great many years it has been in successful use in the field has proved it to be superior in mechanical construction, lightness of draft, ease of management, durability and capacity to do good work under all circumstances.

In claiming a superiority for the Warrior Mower over others, we would call special attention to the following points:—

The Guards are nearer together than those of any other Machine, being only 2¼ inches from centre to centre, which is a very desirable feature for the following reasons:

1st. It is almost impossible to stone the knives.
2nd. It renders the Guards less liable to break.
3rd. It takes less power to do the work, because the grass is more evenly divided, is collected in smaller bunches, and consequently cut easier; and because narrow sections require less throw to the crank, which is shortened, and the work brought near the power applied.
4th. The finger bar has a wabbling or rolling motion in its length, allowing the points of the guards to rise or fall, and to rise out of the dead furrows or run over the cradle-knolls with ease.
5th. The driving wheels are eight inches further apart than in most other machines, which allows them to run in the track made for them by the track clearer, and thus avoid running over the cut crop.
6th. The frame is iron, so arranged and balanced that it brings no weight on the horses necks, and entirely prevents all side drafts.
7th. The manufacturers have made a small change in the Warrior since they commenced its manufacture, making the main brace longer, thereby doing away with the possibility of the horse walking in the grass.
8th. Every machine is run and thoroughly tested before leaving the factory, and guaranteed to be made of the very best material.

Machines can be seen at my place.
Write for circulars and price list.
Repairs kept on hand.
