McALPINE'S

Province of New Brunswick Directory!

D. McALPINE & SON are now preparing to publish a COMPLETE DIRECTORY OF THIS PROVINCE, which will include all persons (Male) from the age of 20 years old and upward, and all Females in Mercantile Business; also an Historical Sketch of the Province up to 1888, with other general information. It will be well bound and printed on good paper. The publishers have been requested several times by leading business men and others, to publish the above work and promised their support. They therefore feel confident that the work is needed, and that business men of all classes will consider that it is requisite to Advertise in in to make it a success otherwise the Publishers will not be able to publish it. We are now behind nearly all the other Provinces in the Dominion, and of the States in America, in not having a Directory of the Province since 1870-71. There will not likely be a similar work published for the next ten years, therefore the special inducement to those who do advertise in it now. Any persons who wish their advertisements inserted, by applying early will obtain better positions. Except the covers and pages opposite covers, the prices will be general, viz: $20 00 per page; $12 00 per half; $10.00 per third; $8.00 per fourth—with Directory included.

Secretaries of Parish Sunday School Conventions should send a notice of the proposed meetings of their Convention to W. T. Kerr, County Secretary Woodstock, and notice of the meeting will be given in the S. S. Calendar in the SENTINEL and *Press*.

Aberdeen Parish S. S. Convention.

According to announcement the above society held its annual session at the Highlands, on the 17th inst. The President, H. G. L. Wilson presided, and there was present a fair number of representatives. After the opening devotional exercises, reports were heard from a number of delegates, from which it would appear that there are 9 schools in the Parish but only two of them reported as evergreen. The nominating committee in their report recommended the following list of officers which report was adopted: Wm. Lamont, President; R. H. Kinney, Vice-President; George Elder, Secretary; Thos. Biggar and Avardus Shaw, members of Executive.

At the evening session Miss Nugent gave a highly interesting lesson on systematic Giving, and Geo. L. Holyoke a good blackboard lesson.

Attend the County Conventions.

Col. Cowden, the gentleman employed by the N. B. S. S. Association, to attend the various County Conventions of the Province, reached St. John on Sunday morning, and addressed public audiences twice that day—at the F. C. B. Church—Carleton, in the morning, and at St. Andrew's Church, in the city, in the afternoon. At both these services the attendance was large and all appeared much pleased with the plain, practical, and eminently interesting addresses. Col. Cowden is, evidently, deeply impressed with the importance of the work he has in hand, has a pleasant style of address, is happy in illustration, and his talks, for he adopts the conversational method, are such as must be of practical benefit to every S. S. teacher who listens to him. We trust that all Superintendents, teachers, scholars, in fact all who are interested in the moral training of the young, will attend as many of the Conventions as possible.

Communicated.

Up River.

To the Editors of the Carleton Sentinel:

I am sure you feel an interest in the welfare of our garden of New Brunswick in this upper county. We cannot boast of ripe strawberries on the first of May, but can on the first of June; potatoes promise well and we have the appearance of an abundant hay crop; we have more land tilled than last year; we have a growing town at Edmundston; where about 40 years ago it was a forest with only one or two dwellings, now there are about 80 buildings, a fine R. C. Church, one Church of England, 8 stores, bake shop, livery stables, an excellent saw mill built by the Murchies, and a barber's shop, with a fat and good looking man to shave you. The country is fast getting dotted far and near with the nicely sawed lumber from Murchie's mill, supplying the country's wants to protect man and beast. Excuse me if I say that so far as the settlement and the wants of our country are concerned, our politicians have shown and are showing themselves a batch of imbecilce, or they would encourage and protect the pioneers of our country instead of endorsing stumbling blocks to retard its settlement; and if they wish to be enlighted and their ignorance exposed let them call on the press for information, and I venture to say they will be instructed how to not place stumbling blocks to retard the settlement of our country, and how to remove those they have placed.

Last week R. Connors launched his tug boat from the care which brought it from River du Loup by mail. He had 7 booms with about a million of lumber in each waiting to be tugged down the Temiequata Lake. The delay in contractors to furnish boat must be quite a loss; it was to be ready on the first of May I am told, but did not make its appearance until June. And there are one one or two small steam yachts placed on the lake for pleasure seekers. Only imagine within the memory of many natives, all was a wilderness, inhabited only by moose, caribou, etc., from Grand Falls to River du Loup with the exceptions of one or two houses at Grand Falls and the same at Edmundston; no roads, no wagons, and the mails had to be taken in canoes from Woodstock to the Temiequata lake, thence by a portage road to River du Loup in summer, and in the winter by a tobaggin, doge, and snow shoes. Now we have or will have on the 25th, a through railroad opened for traffic, a tug boat and pleasure yatchs on our lakes. I venture to say nine-tenths of the Bluenoses around and below Woodstock imagine we are in a wilderness and frozen country, populated with French half-breeds and Indians, with a a spattering of English, and far behind the times. Those who are inclined to get posted up let them visit our county, especially in haying and harvest, and then the veil of ignorance will soon be removed and they will see one of the finest countries in New Brunswick, and not behind any in good horses, good wagons, buggies and harness, good looking and well-behaved girls, robust looking young men, and old men three score and ten by the dozens who can enjoy good company and drink to your *bonsontee*, the only two French words I ever learned—after many thousand practical lessons—costing more than they come to like the Indian's gun.

Yours, &c.,
P. C. BYRAM.
Woodstock, July 25, 1888.

An Apology is in Order.

To the Editors of the Carleton Sentinel:

I read, with much pleasure, Mrs. Corken's communication in yesterday's *Press*. One part of a sentence I was particularly gratified in reading, namely: "It appears to me that one who never has drank any alcoholic drinks all my life time." A life-long total abstainer is a rarity. I am not acquainted with the lady; no doubt her words are true, at least I am willing to accept them as truth. If true, then the lady has been maligned and I should suggest to the originator of the untruth—that the good lady partook of a definite amount of liquor every morning—the advisability of his calling upon Mrs. Corkens and apologizing for the circulation of what has been shown is untrue. If he is an honest man, he certainly will do so. I could not give credence to the report, for Mrs. Corkens is known as an earnest temperance worker. It is unfortunate that any person should wish to interfere with any good work. I trust Mrs. Corkens' work may not die out even after her departure. The women in connection with the W. C. T. Union have done a good work for God and humanity, and every Christian should in various ways assist them in ameliorating the condition of man.

Mrs. Corkens must remember that her Master was misunderstood and misrepresented, so she needs not be discouraged, but go on bravely and nobly fighting for God and the right. Her work will be blessed and last after all her calumniators have passed away to give an account of themselves to ONE who sees all our efforts, and rewards us for even giving a cup of cold water to one of His disciples.

OUR OTTAWA LETTER.
(From Our Own Correspondent.)

OTTAWA, July 24.

John Carling and Mackenzie Bowell have for weeks been the only Ministers at the Capital. They are both steady going departmental men. In the Dept. of Justice not only is the Minister absent but the Deputy Minister as well and Mr. Power is at the head of affairs. It seems he was not empowered to act on the telegram from the Penitentiary surgeon at Kingston, stating that a convict named Roberts, of Stratford, was dying and recommending his release. His father begs that his son may be allowed to die at home, but as yet no action has been taken.

"Young Tupper," the Hon. C. H., has arrived to reinforce "honest John" and "Mac. Bowell," and assumed the direction of the Dept. of Marine and Fisheries. He is the youngest cabinet minister that Ottawa has ever seen.

SELLING LIQUOR TO INDIANS.

It is high time that the law against selling or giving liquor to Indians was enforced in the unorganized districts. A short time ago an Indian near Mattawa, while drunk, was run over and killed, and now one drunken Indian in Nepessing district has foully murdered another.

MR. BLAKE'S HEALTH

An Ottawa gentleman who has just returned from London, reports he saw Mr. Blake there and that his health has not yet been restored though to some degree it was improved. Insomnia, that malady which has robbed so many brain workers of rest, takes away his sleep and we all know how terrible it is to be deprived of sleep. He will not return to Toronto till September probably, and even may remain abroad in the hope of effectually curing his insomnia. Mrs. Blake is in Toronto.

CAPITAL GOSSIP.

The arrangement by which Senator McDonald was to become collector at Victoria, B. C., Mr. Baker raised to the Senate and Mr. De Cosmos elected in his place to the Commons, is declared off.

A translating Bureau is to be attached to Mr. Chapleau's department.

Repeal Scott Act petitions are being prepared in Oxford and Carleton Ont. counties.

The amount of money in circulation in Canada is $16,257,317.

At the request of British parties, chief analyst McFarlane examined Canadian cheese and found it absolutely free from adulteration, while a sample of American cheese he examined was found adulterated with lard.

The Postmaster General at Washington, has decided to exclude dunning post cards from the mails. Will Canada follow suit?

During last session, Sir Charles Tupper expressed the hope that the Mills tariff bill, which reduces import taxes by $40,000,000, would pass, and, on Saturday, it did pass the American Congress by 162 to 149. It admits Canadian lumber, salt and some other of our staple exports free of duty, provided we abolish the export duty on logs. If the Senate passes the bill it will be a great boon to Canada.

The Government is to be asked to organize an excursion to the Northwest of English and German newspaper men to promote immigration. The alleged newspaper men would not object.

General Middleton has been recalled from the east to advise the Minister of Militia, who by the way is also on duty watching the Skeena Indian troubles, on behalf of the Cabinet. Until the armed expedition reaches the disturbed district and sends despatches we will have no further news. There is an element of dread uncertainty in the meantime about the upshot.

Don't forget to ask when you go into R. B Porter & Co.'s to see the 4 Button; also Clasp Kid Gloves, regular price $1.25, reduced to 86 cts. per pair.
