To the Editors of the Carleton Sentine! I have just returned from a pleasure trip to New York and Fall River. While at New York I sailed up the Hudson, which is a picture eque and beautiful river; here I amused myself with taking sketches of the beautiful banks and noting particular scenes.

I also enjoyed the city, but the heat was so interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was impossible to be on the interest that it was interest.

On my return, I felt somewhat sad in viewing the place where the City Columbus was wrecked and some of our Washesh friends became the citizens of the columbus was wrecked and some of our with Invisible Seams, reduced Woodstock friends became the victims of the cruel sea. I was pleased to get home and find how beautiful the parsonage looked with its new dress of pure white; and my father (F. S. If from drinking too much ice-water you have stomach cramps, or are "water logged," as it is called, or are attacked with Cholera Morbus, Summer Complaint, Diarrhoea or Dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than soothe and allay the inflammation which has caused the trouble; but adopt the practice of taking daily, just before retiring, during July and August, one teaspoonful of Johnson's Anodyne Liniment in a little water, which will prevent all such attacks and ill effects from ice water. In fact a little pamphlet sent free to anyone, by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information, about treating those summer troubles, with Johnson's Anodyne Liniment. It is marvelous how many complaints this old fashioned remedy will prevent or cure.
