ONE THIRD OF YOUR LIFE
IS SPENT IN BED.

HOW important then that you have a good
bed to sleep on. The more quiet and un-
disturbed your slumber, the more fully does
nature repair the waste and damage your system
has sustained during the day. The man who
wakes refreshed by the labor of the day and
stretches himself upon a hard uneven bed
will rise in the morning with less vigor than
the man who has slept upon a soft and com-
fortable bed. A longer life than his neighbor
who is not so fortunate. The **BURROUGHS
SLEEPING** Bed will positively give more comfort
to the sleeper than any other bed in the
market. And the man who is fortunate enough
to possess one is led to say, with Sancho Panza:
"Blessed be the man that invented sleep." It is
the only bed ever made that has the elastic spring
and both beds being connected on the surface
with side springs. There is thus formed a
perfect spring surface, which gives an elastic
movement wherever weight is placed.
Having secured the exclusive right to man-
ufacture these Beds in New Brunswick, I am pre-
pared to sell them either at wholesale or retail.
Good reliable agents wanted in the Northern
and Eastern Counties, to whom exclusive ter-
ritory will be given. I am also prepared to sell

LOOK HERE FRIEND!

DO you have pains about the chest and sides,
and sometimes in the back? Do you feel a
dull ache, especially in the morning? Do you
feel the poor? Is there a feeling like a heavy
load upon the stomach? Sometimes a faint, all-
gone sensation at the pit of the stomach, which
does not stay? Are your eyes red and
do your hands and feet become cold and clammy?
Is there a giddiness, a sickening, or a
feeling of your throat as if it were
in the head when rising up suddenly? Are the
urine scanty and high colored? Do you
suffer after eating?

If you suffer from any of these symptoms
USE SMITH'S CHAMBERLAIN'S PILLS.

Miscellaneous.

HE OBEYED ORDERS—"You must
push matters a little, James," said
the doctor to the new boy. By calling a
customer's attention to this article, and
that article, you can often effect sales."

"Yes sir," responded the new boy, and
then he hastened to wait upon an elderly
female who wanted a stamp.

"Anythin' else, mum?" inquired the
ambitious boy, politely. "Hair dye,
cosmetic, face powder, rheumatic drops,
belladonna, mole destroyer."

The elderly female looked the stamp
viciously, and left the door open as she
went out.

He loved a blushing maiden,
But his soul was full of four,
So he spoke into a photograph
The words he had have her hear.

Her father moved the lever,
And, before the day was done,
That photograph was guarded
By a bull-dog and a gun.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your
rest by a sick child suffering and crying with
pain of cutting teeth? If so, send at once and
get a bottle of "MRS. WINSLOW'S SOOTHING
Syrup" for children teething. Its value is incal-
culable. It will relieve the poor little sufferer
immediately. Depend upon it, mothers; there is
no mistake about it. It cures dysentery and
diarrhoea, regulates the stomach and bowels,
cures wind colic, softens the gums, reduces in-
flammation, and gives tone and energy to the
whole system. WINSLOW'S SOOTHING
Syrup" for children teething is pleasant to the
taste, and is the prescription of one of the oldest
and best medical physicians and nurses in the
United States, and is for sale by all druggists
throughout the world. Price 25 cents a bottle.
Beware and ask for "MRS. WINSLOW'S SOOTHING
Syrup" and take no other kind.

HE WAS A PLAIN MAN—"He walked
into the restaurant and took a seat
near the door.
"What will monsieur have?" asked
the waiter. "Une omelette et des pom-
mes de terre!"
No, sirree, I won't. I don't want
none of your French frills. Give me
eggs and potatoes, every time."

CATARH, CATARRH, DEAF-
NESS, HAY FEVER.

Sufferers are not generally aware that these
diseases are contagious, or that they are due to
the presence of living parasites in the lining
membrane of the nose and catarrhal tubes.
Microscopic research, however, has proved this
to be a fact, and the result is that a simple remedy
has been formulated whereby catarrh, catarrhal
deafness and hay fever are permanently cured
in from one to three simple applications made
at home by the patient once in two weeks. N. N.—
For catarrh discharge peculiar to females
(white) this remedy is a specific. A pamphlet
explaining the new treatment is sent on receipt
of ten cents by A. H. DIXON & SONS, 308 West
King St., Toronto, Canada.—Scientific American.

It is hard enough, anyway, for a bachelor
to hold a baby, but it is simple torture
when it is the baby of the girl who
loved him heartily only three years
before.
