schemes are waking up and if they could manage to carry out all they would like to there would be no lack of bustle and activity now pay only 5 per cent. The laborers of the city are realizing the

fact that they are not organized, and the union fever is spreading among them. Sevaral meetings have been held and the tradesmen have resolved, in certain quarters, to form some kind of a union which will be of benefit to themselves. The only active unions in the city now are the printers, the ship laborers and the cartmen. The carpenters Kd Gloves, regular price \$1.25, reduced to 86 have organized and the movement has gained cts. per pair. an impetus it is not likely to loose.

Some time ago I made some remarks upon a handsome young clergyman and his troubles. A few days ago he went West for a b ief period bearing with him the trucs seau of his fiancee. As she has been away from New Brunswick all Winter it looks as if there would be some kind of an end to the affair at

There are no fewer than eleven base ball clubs organized in the city and Portland. All of them claim to have lots of players, and every one under the Nationals claim to be superior. The junior clubs are talking of forming a league and having a championship series of their own. The idea is being encouraged and it may be that in these young and vigorous players a nine may be found to face the Nationals. It is more than probable that the Bell Cigar nine, which includes many of the first ball tossers of the two cities, will give the champions all they can do to win. Many regard the result of a series of games between them as doubt-

ful. The Shamrocks are numerous and vigorous and that's all any one knows of them.

The prospects for a busy season for all classes are good. The Street Railway Co. will soon begin work on the remainder of their circuit. Every saw mill and factory is either in operation or preparing for it, and the outlook for the Summer of 1888 is far brighter than was that of 1887.

The Grand Trunk opposed the bill which was promoted by the U. P. R. The C. P. R.
secred the first victory in the Railway Committee by a vote of 65 to 50, and the Grand Trunk appealed to the House. An active lobby was entered into by both sides and so industriously did they button hole the members that Col. O'Brien complained of it in a ten minute private session of the House on Thursday. On Friday night on the motion for the third reading of the bill, Dr. Bergin moved the six months hoist and a division was taken resulting in 57 Grand Trunk votes and 86 C. P. R. votes. Sir Donald Smith and Hon. G. A. Kirkpatrick, both directors of the C. P. R., did not vote. There

was a funny scene in which Hesson of Perth, Ont., and Landry of Kent, figured. Neither desired to vote on the question and agreed to pair, but each, thinking the other was absent from the Chamber, kept his seat, so when Mr. Trow called attention to Mr. Hes son abstaining from the vote, the latter's statement that he had paired with Mr. Landry caused shouts of laughter which were renewed when Mr. Hesson rose to vote and stammered over it, and when the Speaker asked Mr. Landry bow he voted, he said "I Farm for Sale, to Rent, of course vots the other way." The other way was Grank Trunk.

Sir Charles Tupper has given notice of resolution embodying the new arrangement with the C. P. R. The terms are the same as noted in this correspondence several weeks ago. In consideration of the abandonment by the company of their monopoly privileges, the Government agree to guarantee interest upon \$15,000,000 worth of the company's land grant bonds for 50 years. Security for the repayment of principal and interest is furnished by the lands of the company remaining upsold, such lands to be administer-Sir Charles Tupper has given notice of remaining unsold, such lands to be administered by trustees, one a Cabinet minister. The proceeds of the sales of these lands are to form a fund towards the repayment of the debt. It is stipulated that if the Pembina branch, which the company is anxious to get rid of, is sold the proceeds shall go to this same fund. There is no doubt that these resolutions will be agreed to by a majority of the House.

The disallowance correspondence contains SIR JOHN'S LETTER to Mr. Greenway of the 23rd March, which is only now given to the public. The Premier wrote: "As you are obliged to leave Ottawa TO FARMERS: I take this opportunity of saying there is good prospect of legislation by Parliament which will almost it not entirely remove the reasons for the exercise of the power of dis-allowance of your Provincial legislation with Co., of Houlton, Me., regard to railways." The great and unexpected barvest the letter continued, proved will resume business that additional facilities for transporting grain enstward were required and "while I believe the C. P. The opponents or the bill are vigorously lobbying against it and a strong effort is to be made to get it referred to the Banking and Commerce committee where the bucket shop men hope to so amend it as to render it comparatively harmless. The backet shop people have legal counsel at work here and are making a determined fight as the p ssage of the bill in its present form means death to their per nicious business which is on a par with faro gambling and highly dangerous to the youth of the country.
