Waves of July and August.

Scores of people are dying daily from typhoid fever, diarrhea, dysentery, cholera-morbus and infant Summer complaints; all caused by poison-ous gases and ferments, far worse than hydrogen gas or dynamite in their explosions. Fortunately this latter danger can all be averted by the use of a simple old fashioned remedy, Johnson's Anodyne Liniment, used internally, as explained in a pamphlet sent free to any one by I. S. Johnson's Pactory Filled Butter Ealt, 200 lbs.
