Philadelphia Little Girl—(What
are you learning at your school? I'm in
vulgar fractions, Boston Little Girl—
Oh, ma would not permit me to engage
in any such study as that, you know.
Our fractions are awfully genteel.

Curability of Consumption,
This has been a vexed question among physi-
cians, opinions, even in the same school, being
strangely divergent. Of this, however, the
public are convinced: that a terrible prevalent
disease, and the average doctor meets with but
scant success in treating it. Consumption is to
really scrofula of the lungs, and is liable to
attack any whose blood is tainted. For driving
out the scrofulous humor, and thus removing
the predisposing cause, Dr. Pierce's Golden
Medical Discovery is a sovereign remedy. It
purifies the blood, breaks up scrofulous ulcers,
and whatever difference of opinion exists as to
curing advanced cases of consumption, it remains
that many pronounced "incurable" have been
brought back from the brink of the grave to
restored health and vigor.

Customer (to Mr. Isaacstein)—The
cost is about three times too big. Mr.
Isaacstein (impressively)—Mine friend,
that cost makes you so proud you will
grow into it.

Pomelo Beauty.
It is a fortunate thing that all men do not
have the same taste in female beauty, for
others, who would not permit me to engage
in any such study as that, you know.

Miscellaneous.

HE WEST ON THE STAGE.—Shake-
speare, the greatest of playwrights, for-
mulated in "As You Like It" perhaps the
most valuable suggestion to stage-struck
youths that has ever been given. Let
the would-be actors and actresses direct
their energies in the way proposed by a
certain fond parent.

"Father, said Robert, 'I have long
cherished a desire to go on the stage,
and have at last decided with your per-
mission, to—'

"My son," interrupted the fond father,
"all the world's a stage." Take that hoc-
king in the wood-shed, and go out and
dig those potatoes back of the orchard.

The engagement lasted a week with
great success.

ADVICE TO MOTHERS.

Are you distressed and broken of heart
by a sick child suffering and crying with
pain of cutting teeth? If so, read at once
a bottle of "Mrs. Winslow's Soreness Syne"
for children teething. Its value is incalcu-
lable. It will relieve the poor little sufferer
immediately. Depend upon it, mothers, there is
no mistake about it. It cures dysentery and
diarrhea, regulates the stomach and bowels,
cures wind colic, softens the gums, reduces in-
flammation, and gives tone and energy to the
whole system. "Mrs. Winslow's Soreness Syne"
is the most perfect and pleasant of all the
teething remedies. It is the prescription of one of the
best and most experienced physicians and nurses in
the United States, and is for sale by all druggists
throughout the world. Price 25 cents a bottle.
Be sure and ask for "Mrs. Winslow's Soreness
Syne" and take no other kind.

THE STYLE IN BUTTER. "I wish that
the fashions wouldn't change so often,"
remarked Smythe as he stabbed the
buttering-house butter.

"Why?"

"Because it keeps the popularity of
shades in hair in constant fluctuation,
and a fellow can't tell one day whether
next day's butter will be a white—horse
blonde or a zambezi brunette."—*Mer-
chant Traveller.*

SANDFORD, ONT., March 15, 1880
Messrs. Perry Davis & Son & Lawrence,

I beg to certify that from the great quantity
of your excellent Pain-Killer sold to my cus-
tomers, as well as the experience of my
family, and from the reports of my customers,
as well as the experience of my own household,
the Pain-Killer has been found a great alleviator
of pain for the complaint for which you recom-
mend it, particularly in Colic, Cholera, Conges-
tion or stoppage of circulation, Cramps, Pains
in the Stomach, Summer or Bowel Complaints,
Sore Throat, &c. Applied externally, it has
been found very useful for Sprains, Bruises,
Rheumatic Pains, Swelled Feet, &c., arising
from Toothache. I have heard from one of
my customers these last few days of it being
very useful for a few drops in a little warm
milk to resuscitate young lambs after having
been thoroughly chilled through.

Your truly,
EDWARD TAYLOR.

Van Beatt—By jove, old fellow, but I
am glad to see you! I'm dead broke,
and thought you'd lend me a tenner for
a day or two.

Speakplane—Well, yes, I would, but I
can't afford to.

Van Beatt—You mean to insinuate that
you think I can't return it?

Speakplane—Oh, not at all. You
could, but you wouldn't.

Consumption Cured.
An old physician, retired from practice, hav-
ing had placed in his hands by an East India
missionary the formula of a simple vegetable
remedy for the speedy and permanent cure of
Consumption, Bronchitis, Catarrh, Asthma and
all Throat and Lung Affections, who, after
much study and research, had found a simple
and radical cure for Nervous Debility and
all Nervous Complaints, after having tested his
wonderful curative powers in thousands of cases
has felt it his duty to make it known to his
suffering fellow-men. Actuated by this motive and
a desire to relieve human suffering, I will send
free of charge, to all who desire it, this receipt
in German, French or English, with full direc-
tions for preparing and using. Sent by mail by
the receipt of stamp, naming the paper, W. A.
