The local paper says that this kind and humane act is one which is highly appreciated by the authorities of the Protestant institution.

The Telegraph says: The effect of an amendment to the Scott Act passed at the fact session of parliament is perhaps not as generally known as it should be. As the act to give evidence against himself, nor can the wife or husband of a defendant be compelled to give testimony against such relative as they could be under the original act.

THE destruction caused by Wednesday enread. Enormous damage has been done to the crope; roots just peeping forth have been literally blown out of the ground. Orchards were blown down. The loss cannot fall

THE case of Rev. J. B. Longley, of Toronto, appears to have been badly prejudged by the press which so confidently held him up for "one eye open," and to admit the desire to see condemnation. It would appear that the more clearly and wisely, and still there are Rev. gentleman had been very indiscreet in things which have come under its observation Conference, after giving him a full trial, to like to blot from its mental vision. simply suspend him from the ministry for a year, it is presumable that he has been guilty of no crime against morality or decency.

THE recent severe rains caused the greatest lood ever known in Northern Minnesots Along the banks of the logging streams, tributary to the St. Louis river, millions o acres of land are overflowed and loss of life is feared. Immense saw mills are flooded and abandoned and in the booms 80,000,000 logs were ismmed and the number expected to reach over 200,000,000. Throughout the entire length of the dallas of the St. Louis river, the river is a mass of soapy frotb and higher by 10 feet than ever known before.

THE terrific storm along the Ottawa Valley the 6th, reported by telegraph, also touched Montreal, where the sky grew intensely dark, the lightning struck in several places and the rain fell in torrents. Signs were blown away. branches of trees were broken, fences thrown down and windows blown in. A kermesse on an extensive scale, was being held in aid of the Notre Dame Hospital. The rain poured through the tent openings in torrents, while the wind threatened to hurl the frai structure about the heads of the occupante.

THE Omaha Bee tells of what has been ac complished in behalf of the Nebraska school teachers whose remarkable beroism during the great blizzard has been so frequently de scribed. A fund started in Omaha for the benefit of these young women has now reached \$14,000, which has been turned over to them, and about \$5,000 additional has been substantially to its admiration.

The New Governor General.

Lord Stanley reached Ottawa last Sunday arriving at an earlier hour than anticipated there was no formal reception. His Excellency has been sworn in and his movements are remarked upon as indicating democratic tendencies on his part,

Knights in Houlton.

Why Not?

The Telegraph commenting on the fruit and vegetable trade of St. John and the sources supply makes special reference to the articles onions and grapes. Of the former vegetable, we are told, that one house in St. John has received 20 tons from Egypt since April ast, this trade baying been developing for several years past.

go for our onion supply. The trade and navigation returns do not give the data as to quantity and value of the opion importation nor is there any thing to indicate that there exists a trade direct between Canada and Egypt, so that we suppose our merchants buy either in the English or United States markets. The Telegraph suggests that New except the earlier Spring supply. There are ome farmers in this vicinity who are quite uccessful in this regard and no doubt their example might be followed with profit by a reat many others, but we think that the onion is not a vegetable of very easy or sure culture and there are difficulties in the way that deter farmers generally from planting them. However it is well to keep before the attention of the agriculturists facts like that
