# 'PRINCE OF WALES.'

HAVE complied with a requisition from a large number of gentlemen, who patronized my Clydesdele Stallion Prince of Wales last year, and will bring him to Carleton County again this season. As I published Prince's pedigree last year, it is not necessary to do so now. Pedigree, without points and lines, is a poor guarantee or dependence to make a good stock getter. Prince of Wales, blood and breeding, has been carefully selected by the owner from the best imported by the Government the last 45 years; first. Canadian; second, English Blood; third, English Draft; fourth, Clydesdale, all combined. Prince's stock is good for the plough, the road, the streets, the is good for the plough, the road, the streets. the woods or the battle field. As Prince of Wales has taken seven first prizes in seven years for the best draft stallion, he is now ruled out with honors and wears the champion's belt.

As prince will only serve a limited number of approved mares this season, an early application will be required; any booked at the old stanes, or at T. J. Boyer's hotel, Woodstock, will be carefully attended to first. Prince of Wales will make Woodstock headquarters; proceed to Centreville, by Waterville on his old route to Johnville; will probably go to Andover and Tob que returning to Florenceville, through Simonds, calling at Hartland to Woodstock; also go up the St John River to the mouth of Arocstook, returning down the opposite side of the river to Johnville. This roule will be open, probably, to a slight alteration. All further information can be obtained from the groom in charge.

### "Balbougie Prince."

IMPORTED CLYDESDALE STALLION; fcaled 1883; Black; hind feet white; strip in face; weight 1600 lbs.; stands 17 hands high. Bred by Robt. Crawford, of Balbougie, Scotland. Get by Prince of Keir (1795); dam Topsv (726), by Topsmam (886); grand dam, Bet of Raith (3534), by Young Blaze (920). These figures refer to Clydesdale Stud Book of Scotland. This horse is kind in disposition, has fine action and is a grand traveller. He is one of the very finest Stallions ever brought into the County, and is admired by all who examine him. Will travel the present season:—Jacksonville, Mondays; Richmond Corner, Tuesdays; Debec, Wednesdays; Spearville, Thursdays; Woodstock, Fridays and Saturdays.

TERMS:—\$3 single service; \$6 00 by the season; \$8 to insure, \$2 to be paid at time of service. Route of travel is subject to alteration.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made by the patient at home.

READ THE FOLLOWING; Ritcey's Cove, Nova Scotia, June 22, 1885.

GENTLEMEN—I am happy to say that the treatment which you sent me last February has effectually cured me of Catarrh. Mine was a case of long standing, and up to the present time I have been waiting for developing remains of Catarrh, but none are manifest. You may use my name as a proof that your remedy cures Catharrh. I feel grateful for the removal of such a trouble.

GENTLEMEN—Allow me to say that after three years' trial I find no unpleasant odor in the nose or, fetid breath, which used to effect others in my company. No symptons of Catarrh remained after the second application of your remedy. Wishing you success in doing good, I remain, Yours sincerely (REV.) G. O.
