The 14th annual session of the Carleton

CARLETON CO. S. S. CONVENTION.

County S. S. Convention, met in the Methodist Church, McKenzie Corner, on Wednesday morning Oct. 2ad. The 1st session commenced at 10.30 a.m. In the absence of the President, J. Connolly, E.q., of Jacksontown, ex-President, S. J. Parsons, was invited to preside. The convention was then formally opened with singing, followed with a prayer by James Watts.

The President pro tem delivered a short pening address and then proceeded to the work of the convention, by appointing a Credential Company, composed of the Secretary, James Watts, and J. H. Forrest The Sec. Treas, read his annual report which on motion, was referred to a special committee to report upon. J. T. Fletcher, James Harvey and H E Blackelie, were appointed

Baker delivered an address of branches and prevent any of them from withering beneath the chilly blacks of winter. It may, doubtless does, require sacrifice to keep some schools open during the cold scason, but the end aimed at is worthy of the meane, and the self-sacrificing spirit will be amply rewarded by the grand results it will produce.

For reasons which I cannot attempt to xolain there has not been nearly so much visitation of the schools either by members of the Executive or Vice Presidents as has been usual, and the work has in consequence suffered. Nothing tends more to encourage those laboring in Sabbath Schools, or serves to keep up a lively interest in the same, than frequent visitations by officers of the Convention, and I suggest that at this session some way may be devised by which a complete and systematic mode of visitations may be pro-

secuted during the incoming year.

I desire to bear testimon, to the valuable assistance being rendered by the clergy of the County to the Sabbath School department of Christian work, and yet, I believe, they could, and would gladly were their attention from this Convention to every minister in the County acknowledging their past efforts and respectfully inviting them to oftener make quarter, preach a sermon bearing upon the importance of Sabbath School work, and the responsibility of parents and others in rela-tion thereto, would, I have no doubt, be cheerfully responded to, and the resultant effects be marked and beneficial.

The failures have been on our part. The work has lost nothing of its importance; God's claims upon us are as strong as ever, our responsibilities as great.
