Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession. "Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridge-

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithsville, Pa. "For several years Ayer's Pills have been used in my family. We find them

Effective Remedy for constipation and indigestion, and are never without them in the house."

— Moses Grenier, Lowell, Mass. "I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."—
L. N. Smith, Utica, N. Y.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. Two boxes of Ayer's Pills effected a desplete cure."—D. Burke, Saco, Me.

"I have used Ayer's Pills for the past thirty years and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia."—James Quinn, 90 Middle st., Hartford, Conn. "Having been troubled with costiveness, which seems inevitable with persons of sedentary habits, I have tried Ayer's Pills, hoping for relief. I am glad to say that they have served me better than any other medicine. I arrive at this conclusion only after a faithful trial of their merits."—Samuel T. Jones, Oak st., Boston, Mass. Carleton Co. S. S. Convention. Committee's Report on the Secretary's Report | RESOLVENT, With CULICURA and CULICURA SOAP submitted to the County S. S. It was not to hand when we went to piece in my house, as I find them useful in many cases, with the outside of this issue, and hence its cc. and I think they are the only skin and blood cupying a separate place in this paper :-

Mr. President,—Your committee appointed to examine and report upon the report of the secretary, respectfully submit the following:

The vice-presidents of this Association are the connecting links between the executive committee and the Sunday Schools of this County. The duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of those officers are to regularly visit the duties of their respective parishes to aid. the schools of their respective parishes, to aid those schools in all so far as they can to make the work more effective, and to regularly report I recomend them to all suffers from skin distance the second and the second are a statement of the strength con. to the secretary a statement of the strength, con-dition and work of each school They are also to report as to where no schools exist, and the advisability of endeavoring to organize new schools, or resuscitate those that have become dorment. A proper discharge of the duties of vice-president requires that the persons holding that office should have an ardent love for the work and a willingness to devote time and labor for the promotion of it. A neglect on the part of the vice president to perform the duties of the office very seriously interferes with the work.

work.

We emphatically reaffirm what has so often before been affirmed by this convention with reference to the promiscuous habit of closing up the Sunday school during the winter months. There may be some exceptional cases where to keep the school open each Sunday of the entire year would be nearly, if not quite impossible, but we believe these cases are very rare. A genuine love for the Master and His work should be nearly, if not quite impossible, but we believe these cases are very rare. A genuine love for the Master and His work should be nearly in the County of York, and David C. Burpes, of the City of Fredericton, and Perth Victoria county of York, and David C. Burpes, of the City of Fredericton, and Perth Victoria county of York, Millmen, doing business at Fredericton unpleasant seasons of the year. The work is the same, the responsibilities are equally great in winter as in summer, and to cose up our work on the approach of cold weather is to publiely proclaim an indifference towards it, and our unwillingness to faithfully serve the Lord where it interferes with inclinations or comforts. The preaching services are, as a rule, as well attended in winter as in summer; the day schools of the country are as well if not better attended during the winter months as they are during the summer months. Why shou'd the Sunday School

That the executive be instructed to take into policy to be adopted in reference to a system of visitations, and they be empowered to put into operation such resources as they may deem best, and be authorized to draw on the funds of the YOUR School Taxes for the year 1889, in District No 6, Parish of Northampton, amount to \$41.41, which you are required to pay to the Undersigned, together with the cost of this advertisement (\$300) within Two Months from date, otherwise legal proceedings will be taken to of good in the work. That there should have been an apparent neglect of this work during the past year is to be deeply regretted, and we trust that the incoming executive committee will take immediate steps to prosecute this branch of their duties with renewed zeal and greater faithful-

> With your secretary, we fully appreciate the valuable assistance rendered by the clergy of the County in the carrying on of this work, and yet we cannot but think their valuable services yet we cannot but think their valuable services would be rendered much more effective if in their public services they would still more prominently bring the work before their hearers in their several congregations. An occasional sermon directed to an exposition of Sunday school work, and the relations to and responsibilities of heade of families—the professed followers of Christ, and those who should have an interest in the prosperity of the community at large, in the faithful prosecution of the work and the promotion of its interests, would, in our opinion, re-

sult in great and permanent good. Parish convention work should be sustained.
Properly and faithfully conducted they would prove invaluable helps in promoting S. S. work.
That in some instances the expectations of Sunday school workers have not been realized in the working of this branch of Sunday school labor is to be regretted, but where there have been such And Destroy the Germs of Disease now Prevalent,

to be regretted, but where there have been a corresponding neglect on the part of its professed supporters. Those parishes in our County that are most faithfully prosecuting Sunday school work are those where the interests of the parish conventions are most fully sustained

We would strongly support the recommenda-tion of your secretary with reference to the keeping of records in each school, and hope the recommendation will meet the approval of such schools as do not now follow this system, and be adopted by them.

In conclusion we cannot feel satisfied that sufficient energy has been displayed either in endeavors to get complete returns to submit to this convention, or to carry on the system of visita-

convention, or to carry on the system of visitation so happily introduced and carried on in the past. We cannot expect the schools to visit us at our homes or our places of business. If they are to be visited we must go where they exist, and we must not expect others to do for us what we should do ourselves. The work of compiling the records of the schools of the County would be rendered comparatively easy if all interested would promptly perform their share of the work, but if writing to an officer will not secure the information required, or even secure a courteous reply, the interests of this association must not suffer thereby. The convention wants the information. It expects it, and if the secretary cannot get it in any other way, he is expected to go to the trouble of going after it himself. On that officer depends to a great extent the success or fallure of the organized work of the County, and each superintendent and officer in the County should use every means in their power to make the work of that officer, arduous at best, as light as possible, and as effective as the inas light as possible, and as effective as the in-terests of the association require With best wishes for the work, we remain,
