My wife had a distressing cough, with pain in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral, which has cured her. A neighbor, Mrs. Glenn, had the same cough, and was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this remedy.

Dr. Atkinson and the Florenceville Bridge.

To the Editors of the Carleton Sentinel:

I am informed on good authority that Mr. H. B. Atkinson, Local Government Bridge Inspector, before leaving Florenceville, made reflections upon myself for giving no notice to the Government of the Florenceville bridge.

I have repeatedly called the attention of the Chief Commissioner, Mr. Ryan, both by personal interview and by letter to the condition of the bridge. In the fall of 1887, I wrote to Hon. Mr. Ryan, pointing out that the piers were unsafe.

I wrote to Mr. Ryan, of Upper Woodstock, getting his written opinion as to the proper course to pursue to provide a remedy, and enclosed his reply to the Chief Commissioner.

To this letter I have the reply of the Chief Commissioner in the Spring of 1887, when the greatest threat to the bridge was made, and the bridge was in the hands of the Government.

I have the pleasure to inform you that the bridge is now in the hands of the Government, and is being repaired.

Year. Lincoln, as I remember, was often too

worn and worried to perform the operation with a good grace. Johnston used to take

your hand tenderly and after a brief minding

looking at it, give it back to you, as being

something that would be of use to you, and

and which you might be able to use to

preserve as a memento of the occasion. Grant

had a deceptive power of handling men, that

was a careful avoidance of unnecessary force.

Grant's grip was naturally strong, but he

was a careful avoider of unnecessary force.
