A DAIRYMAID PROBLEM IN CANADA ? Are the farmers' daughters learning to make neighbor is beating him, he will be sure to butter as their mothers did? Or, under the carry his investigaton still further, and see changed conditions, does not the mother find what breed of sows, what foods, what care it easier to do the whole work herself than to are needed to even the returns. An intelli-

initiate the daughters into the mysteries of gent creamery patron would certainly see the On Christmas day the inmates of the Alms up just as would be the case in ordinary every day the (old-fashioned) dairy? It certainly is necessity of providing good roade, and contrue, in some parts of Canada, that, while the dusting other needed improvements. girls have opportunities which their mothers driving some of the selfish. self interest f bever had for acquiring graceful and pretty accomplishments, the mothers largely monop-olize both the knowledge and practice of dairy art, and even, in some measure, of the house-the driving some of the sellisb. Sell interest leel-ing out of a farmer and developing a public spirit, the co-operative creamery would work good results." Here followed a preference for the oream gathering system, which be-
