SENTINEL Office, in Vanwart's Brick Building, King street, up stairs.

The British Parliament was prorogued on last Friday until Nov. 16. The Queen's speech is generally congratulatory.

The boiler in Ganong Bros. confectionery works at St. Stephen, burst on Monday after noon, and a 100 hundred gallons steam kettle filled with boiling candy was thrown to the ceiling. Sam'l Craig the engineer, John Gould, John Lowery and J. Mainslip were badly scalded.

Mrs. Snow was dead. Mr. Snow will have the kindly sympathy of his many friends.

The great London strike still continues with no immediate prospects of settlement The number of strikers is being daily increased till it is now over 150,000. So far the men bave been very orderly, but the great amount of property insured within the past few days shows that violence is feared. All business seem paralyzed and thousands of vessels are idle in the docks for the want of men. Says one despatch. "The committee of strikers decline to allow even perishable articles to be unloaded. Coal is double the usual price. All produce is advancing. cuit factories are stopping for want of flour Thousands of tons of mutton are rotting. is impossible to find men to handle stock. The employers planned to bring 4,000 Belgian laborers but the strikers promptly frustrated this by telegraphing to the Belgian workingmen's union .- Ex.

ers to the present number of The Dominson Illustrated for a capital account, with excelleat illustrations, of a typical Manitoban city. Brandon, to whose birth, growth and present condition, it is slmost entirely devoted, is the creation of the C. P. R. and-the people of Brandon. This last constituent in the making of the place must be well borne mind. The portraits are a revelation. Not a leading man over 35 years of age! Young blood is building up the Northwest. The scenes, the views of the Experimental Farm and Lake Clementi, are all characteristic and good. The letter-press is also up to a high mark. The Dominion Illustrated is published both numerous and costly, chief among them at 73 St. James street, Montreal, Mr. G. E. Desbarats being Managing Director. The subscription is \$4 per annum. A new vol ume began with July. The two first volumes, bound, are now ready.

Jesuit Question.

The Sun publishes, as received from Ot tawa, the intelligence that the law officers the Crown, S'r Richard Webeter and Edward Clarke, bave reported -That the Governor General was right no

to interfere with the operation of the Jesuite Estates Act. That the Act was clearly within the powers of the Quebec Legislature, and, That there is no case to send to the judi-

cial committee of the Privy Council.

Travel by Rail.

There has been considerable movement of passengers over the railroad this week. The Maine State fair at Bangor, and the fair and exhibition at Fort Fairfield; the W. C. T. U. convention for the Maritime Provinces at St Stephen, a Baptist convention at Calais, the Knights of Pythias visit to St. Stephen, the pienic of the A. O. H. at Woodstock-these with minor private excursions have caused the trains running in nearly every direction passengers. The Maine Central, Flying seven passenger coaches well filled on almost tending their father s funeral. every day this week.

Our fete day of last week was not only source of present satisfaction, but must bene-Although not largely advertised, Counties and from across the line, and there and by his cheerful willingness at all times

it is, in this respect, far ahead of most of them, and it has, be it remembered, only some three thousand inhabitants. Of course the grand source of the success of the town is the composite to the composite to the success of the town is the composite to the success of the town is the composite town in the composite to the compos grand source of the success of the town is the of the community. magnificent county of which it is the heart; but there are towns situated in this respect favorably which do not give the same indica- H.
