## Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal

beauty is the daily use of Ayer's Hair Vigor. No matter what the color of . the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor color, bring out a

new growth, and soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation

mane to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio. "My has was coming out (without any assistice from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a

head of hair as any one could wish for."

-R. T. Schmittou, Dickson, Tenn. 'I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

Scarlet rash is very prevalent bere just now; more than ten families are afflicted; no fatal cases as yet, and though some are pretty sick, we hope they will all recover. The fine weather is good for the lumber business. A W Sawyer's mill is still in operation, and will continue to run until winter closes in for certain.

We regret to hear that our SS is to lose ts valued Superintendent, Mr David D Porter, who talks of moving up to Elmund-ston. The school will miss him very much, and we have no doubt he will feel the seperation keenly; he was a most efficient officer, and earnest worker. His successor is not yet chosen, but the school have their eyes on one of the teachers, who would make an ex calent successor.

The Storm in New Mexico. Dayton, New Mexico, despatches give details of the terrible snow storm which ravaged ranging from 400 to 2,000, were being held cear there awaiting shipment east, Soon after the storm broke out the cattle started south, and the half-frezen cowboys tried in vain to check them. They at last gave the effort up and drove the exhausted horses into canons or partly sheltered places, where they passed many hours of misery without food or fire. Two cowboys drifted into the canon, where they found a cedar tree with a rate nest in it. They managed to light a fire with this. During the second night one of their horses died from cold, and, having nothing to eat, the men cut pieces of flesh from the dead animal, which they warmed and ate without salt. After being here over sixty hours they started out, and after much sixty hours they started out, and after much suffering and many bardships they managed to reach the ranch, thirty miles away, where they were cared for. Nevertheless, five cowboys and two Mexican herders were frozen to death. Hundreds of dead stock are frozen WANTED—A good energetic man, or men, to rell our Fruit Trees. Roses.

Ooys and two Mexican herders were frozen to death. Hundreds of dead stock are frozen, their heads and horns above the snow. Others are alive, but unable to move out of the frigid prison. It is estimated that 20,000 sheep have perished in this part of the Territory Shanty at Sinturvell! The bay supply is nearly exhausted, and \$100 per ton has been offered by stockmen. > An Awful Sore Limb Skin entirely gone. Flesh a mass of disease. Leg deminished one third in size, Condition hopeles. Cured by the Cuticura Remedies in two months

Cured by Cuticura For three years I was almost crippled with an For three years I was almost crippled with an awful sore leg from my knee down to the ankle; the skin was entirely gone and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition After trying all kinds of remedies and spending, hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticural Remedies, and the result was as follows. After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for nearly a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen. S. G. I have been troubled with skin and scalp discase for seventeen years. My head at times was one running sore, and my body was covered with them as large as a half dollar.
