Preparing for War. A London despatch to the New York Times revives the idea that war is imminent. The despatch says:-

"All at once with scarcely a worl of warning, England finds herself holding councils of war, nervously hurrying troops to ports of embarkation and keeping the military factories at Wolwich and Enfield by work at night. Ostensibly this new commotion has been stirred up by the advance of some 5,000 Dervishes down the Nile toward Wady Halfa. According to the efficial story, the Connaught Rangers, who were playing cricket at Aldershot on Thursday when they got the summons for instant preparation and who sailed from Devenport to-day, are going to Malta to from Devenport to day, are going to Malta to replace the Black Watch, who proceed up the Nile with the other regiments. But there is something more serious in the air than a brush with the Soudanese. Daily councils of war are being held here, and the utmost baste is used to get the other regiments in condi-tion for foreign service. There is more wide-spread activity and a vastly greater haste than when England was preparing for Wol-seley's grand expedition to Khartoum, and it is ridiculous to assume that all this flurry is occasioned by the advent of a few thousand half-starved, thirst consumed barbarians 400 CORDS OF WOOD for sale by the above the second cataract in Upper Egypt. I am going to tell you of the extraordinary change your CUTICURA REMEDIES, are companied on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In was raw, then the next night the scales, being formed meanwhile, were scratched off again. In ewspaper about your CUTICURA REMEDIES, and obtained almost immediate relief I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured My disease was eccamas and psoriasis I recommended the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of a great many who have taken them, and thank of the commendation of the commendation of the process.
