Mr. E. S. Williams, Supt. of construction of the Canadian Pacific telegraph line, died at St. John, on Tuesday last. Mr. Williams was only 38 years old, was a man of much sive, good to return till Sept. 9, 1889. Fare energy, well fitted for the work in which he was engaged, and was very popular.

The University.

The Senate of the University of New Brunswick has established a chair of engineering and surveying, and Mr. A. W. Strong, panied by Sir Leonard and Lady Tilley and a graduate of McGill University, Montreal, their two sons, reached here Tuesday morning and who has been in the engineering service en route from St. Andrews to Ottawa. Supt. pointed to fill that chair.

Dr. Dyde, professor of mental and moral minutes, and although no general notice of been spending a few weeks with his friends at potatoes. order to accept an engagement in a university elsewhere, and this position has been offered to Mr. Alexander Duff, who is a graduate of Edinburgh University, and who has won colmissing the opportunity of seeing the Premier. legiate honors in the Province.

The North-West.

While Canada has in her North-Western Provinces and territories a spiendid neid for settlement with climatic and soil advantages of a most inviting character and though the office at most inviting character and though the off other portions of the Dominion have contributed generously toward assisting in various ways the development and settlement of those sections, it appears to be allowed that settlement is not so rapid as was anticipated or as could be wished. Senator Hear stated re- an egg or on anything else, and, as to getting cently, and the statement is admitted to be married, I am not at all anxious, so corressubstantially correct, that there are not 50,- pondents may as well put their time and 000 white people, all told, in British Colum-Effic Tinker, of Bath, N. B." bia to-day, and not 100,000 white people in Manitoba; and that "five years' growth of Tacoms and Seattle, five years' growth of the single city of Minneapolis, makes up a larger population and one which is infinitely more important, as a customer, to the people of the United States than the entire population of British Columbia or Manitoba to day."

large number of invited guests, who seemed to The fact remains; the operating causes understand how to enter into the spirit of such may be difficult to determine but among them, an occasion. The bride was very neatly dressed now distributed for relaying the track of the and sufficiently attractive to satisfy the ambition N. B. Railway between McAdam and Vanceit is argued by some writers, one cause is our want of national name and status. It is to be hoped that the advertisement and facilities afforded by the C. P. R. will so influence emigration as to more rapidly advance northwest settlement.

Language and Schools.

and sufficiently attractive to satisfy the ambition of even the most factidious bridegroom. There were many appropriate and handsome presents from the bride's numerous friends. The ceremony was performed by Rev E. J. Grant, after which the large company of friends sat down to a luxuriantly spread table. Everything past off pleasantly indeed, and the happy young couple were followed to their new home by the best wishes of a host of friend. [Press Please copy.
