The Favorite

Medicine for Throat and Lung Difficulties has long been, and still is, Ayer's Cherry Pectoral. It cures **Croup, Whooping Cough, Bronchitis,** and **Asthma;** soothes irritation of the Larynx and Fauces; strengthens the Vocal Organs; allays soreness of the Lungs; prevents **Consumption,** and, even in advanced stages of that disease, relieves Coughing and induces Sleep. There is no other preparation for diseases of the throat and lungs to be compared with this remedy.

"My wife had a distressing cough, with pains in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral, which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this

Cough Medicine

to every one afflicted."—Robert Horton, Foreman *Hogdlight*, Morrillton, Ark.

"I have been afflicted with asthma for four years. Last spring I was taken with a fearful cough, which threatened to terminate my days. Every one pronounced me in consumption. I determined to try Ayer's Cherry Pectoral. Its effects were magical. I was immediately relieved and continued to improve until entirely recovered."—Joel Bullard, Guilford, Conn.

"Six months ago I had a severe hemorrhage of the lungs, brought on by an incessant cough which deprived me of sleep and rest. I tried various remedies, but obtained no relief until I began to take Ayer's Cherry Pectoral. A few bottles of this medicine cured me." Mrs. H. Coburn, 19 Second st., Lowell, Mass.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of Whooping Cough."—Mrs. Loveley, 1257 Washington street, Boston, Mass.

Speak of Men and Things as We Find them, and Censure alone what we see.

To the Editors of the Carleton Sentinel.

I see "Enquirer" calls on you for information concerning Mr. Hale's past, present and future conduct, and his patriotism for his country. He must imagine Editors are infallible; and he must be cowardly to stab a man under cover to prevent being recognized, We should boldly and independently speak of men as we find them, and censure alone what we see. If Mr. Hale has not redeemed his pledges to his constituents, why not "Enquirer" over his own signature bring his charges and let public opinion pass their sentence, if Mr. Hale is unable to refute them, Mr. Hale's motto is country before party; so if those hot-headed party strife advocates wishes to support party before country, which is cursing the Dominion and the United States, they should not be ashamed to speak through the press over their own signatures, and not call on Editors of papers to do the work they are ashamed of, or to be known in. And those who advocate party before country should not be ashamed of their intellect and self esteem to be made known amongst the patriots of our country—for their measure and contents to be taken and and sounded abroad.

P. O BYRAM.

P. S.—We are having beautiful weather, and our lumber operators are doing well, except where it's there own fault by hauling lumber too small, and resulting in hauling for nothing and finding themselves, which should be guarded against in our denuded forests.

Better Than Ever.

It did seem as though the seedsmen outdid themselves last year in the line of elaborate catalogues, but here comes Vick's Floral Guide for 1889, from Rochester, N. Y., better than all previous issues. "Better" hardly expresses it—rather, we should say, far superior. It has been changed in every respect; new cuts, new type, enlarged in size (opening like an old-fashioned singing book); contains three elegant lithographs (8 x 10½ inches) of Roses, Geraniums and Melon and Tomato: besides a very fine plate of the late James Vick and his three sons who now own and manage this large business. These features must make the Floral Guide valuable to their many thousands of customers in this country.

We also notice that Vick returns to the plan started by the founder of the business years ago, of offering cash prizes at the State Fair. One would think they were a little out of their heads to offer to the public such a work as the Guide free, for that is what it amounts to, when they say it will be sent on receipt of fifteen cents, and that a certificate good for fifteen cents worth of seed will be returned with the Guide.

Young Ladies if you want a handsome Dress or Jacket, call at R. B. Porter & Co.'s and you can get it at such a low price it will astonish you.

No better demonstration of the wonderful strides the electric telegraph had made within the past few years could be had than that which occurred in the C. P. R. office in St. John on Sunday afternoon, when the operators talked over the wires with Vancouver, B. C., San Francisco, and other distant cities on the North American continent. At San Francisco the thermometer stood at 75. It was a glorious day in New Westminister, B. C., with the mercury 50 in the shade. At Winnipeg there was a foot of snow, and the street cars running on wheels, just like they are in St. John. It made the operator shiver when Cartier, Ont., wired that the thermometer there was 34 below zero. Reports were also received from Montreal, New York, Chicago, Washington and Boston. Quite an interesting conversation was carried on with Mr. Laggan, one of the proprietors of the Vacouver *World*, who talked from New Westminister, B. C.

The greatest bargains in Boots and Shoes ever offered, at R. B. Belyea & Co.'s.

J. Murchie & Sons, of Edmundston, intend taking the rotary saw out of their mill this winter and replacing it with a gang. They also intend lighting their mill with electric light in the near future, and propose supplying any parties in the village with it that want it. They have recently built another mill adjoining their old one and have put in five more shingle machines and their out-put next summer will be largely increased.

Fifty Ladies Astrachan Jackets, just opened at Hugh Hay's.

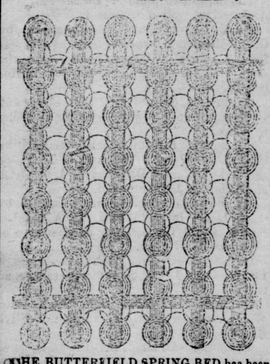
SPENT IN BED!



THE BUTTERFIELD SPRING BED has been in use in this country nearly two years. From a very small beginning and with very little effort the trade has grown until the sales have run up into the thousands, and with the exception of a slight defect in a few of the first manufactured the Beds have given universal satisfaction. In fact in many localities the very name has become a synonym for Ease and Comfort. The EXCELSIOR SPRING BED is a later invention which, while retaining all the elasticity and freedom of action which characterize the BUTTERFIELD, is so securely braced that there seems to be no possibility of the cutside springs being bent inward under any circumstances.

Having purchased the Patent Rights for the above mentioned beds, I am prepared to furnish them at either Wholesale or Retail.

I am also prepared to sell rights to manufacture in any part of the Dominion not already taken, or to arrange with parties to manufacture on royalty.
