A SLIGHT MISTAKE,-A man went into a druggist shop and asked for some thing to cure a headache. 'The druggis held a bottle of hartshorn to his nose and he was nearly overpowered by its pungency. As soon as he recovered he began to rail at the druggist, and threatened to punch his head. "But didn't it help your headache?"

asked the apothecary. "Help my headache!" gasped the man. I haven't any headache. It's my wife that's got the headache!'

What Am I to Do? The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events. The digestive system is wholly out of order and Diarrhes or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be gid diness and often headache and acidity or flatu-lence and tenderness in the pit of the stomach.
