Cured by Cuticura I cannot say enough in praise of the CUTICURA REMEDIES. My boy, when one year of age, was so bad with eczema that he lost all of his hair. His scale was covered with eruptions. which the doctors said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the Cuti-CURA REMEDIES, and I am happy to say, with the most perfect success. His hair is now splendid, and there is not a pimple on bim. I recommend the CUTICURA REMEDIES to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and enildren, and feel To the Editors of the Carleton Sentinel that every mother who has an sffl cted child

Ayer's Cherry Pectoral

C. O. Lepper, Druggist, Fort Wayne, Ind., writes: "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skilful man and of large experience, pronounced it useless to give her any more medicine, saying he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with most happy results. After taking a few doses she seemed to breathe easier, and within a week was out of danger. We and, within a week, was out of danger. "A short time ago, I was taken with a severe attack of bronchitis. The remedies ordinarily used in such cases failed to give me relief. Almost in despair of ever finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral, and was helped from the first dose. I had not finished one bottle before the disease left me, and my throat and lungs were as sound as ever."— Geo. B. Hunter, Altoona, Pa.
