Ayer's Cherry Pectoral

C. O. Lepper, Druggist, Fort Wayne, Ind., writes: "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skilful man and of large experi ence, pronounced it useless to give her any more medicine, saying he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This indisputable evidence of the great merit of Ayer's Cherry Pectoral has given me unbounded confidence in the preparation, and I recommend it to my customers, knowing it cannot disappoint them." "Ayer's Cherry Pectoral cured me of a bad cough and my partner of bronchitis. I know

of numerous cases in which this preparation has proved very beneficial in families of Young Children, so that the medicine is known among them as 'the consoler of the afflicted.'"- Jaime Rufus Vidal, San Cristobel, San Domingo. "A short time ago, I was taken with a severe attack of bronchitis. The remedies ordinarily used in such cases falled to give me relief. Almost in despair of ever finning anything to cure me, I bought a bottle of Ayer's Cherry Pectoral, and was helped from the first dose. I had not finished one bottle before the disease left me, and my

What Am I to Do? The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not whi and furred, it is rough, at all events. The digestive system is wholly out of order and Diarrhees or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be gid diness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.
