B. F. JACOBS, Chairman. Nork .- The eight delegates from New Brunswick will be appointed by the Executive Committee, which will meet for that purpose about the 10th June. The names of delegates from County Associations or Sunday Schools must be sent to the Secretary, S. J. Parsons, Benton, N B., who will lay the same before the Committee. It is greatly to be desired that New Brunswick be fully represented, and it is argently requested that County Secretaries and other Executive officers put forth the strongest efforts to have fitting delegates appointed. Care should be taken to elect only such delegates as are confident of being able to attend the Convention.

The Liver When out of order, involves every organ of the body. Remedies for some other derange-ment are frequently taken without the least effect, because it is the liver which is the real source of the trouble, and until that is set right there can be no health, strength, or

comfort in any part of the system. Mercury, in some form, is a common specific for a sluggish liver; but a far safer and more effective medicine is Ayer's Pills.

Pills are unsurpassed. "For a long time I was a sufferer from stomach, liver, and kidney troubles, experiencing much difficulty in digestion, with severe pains in the lumbar region and other parts of the body. Having tried a variety of remedies, including warm baths, with only remedies, including warm baths, with only temporary relief, about three months ago I began the use of Ayer's Pills, and my health is so much improved that I gladly testify to the superior merits of this medicine."—Manoel Jorge Pereira, Porto, Portugal. "For the cure of headache, Ayer's Cathartic Pills are the most effective medicine I ever used."—R. K. James, Dorchester, Mass.
"When I feel the need of a cathartic, I take
Ayer's Pills, and find them to be more effective than any other pill I ever took."—Mrs.
B. C. Grubb, Burwellville, Va.

"I have found in Ayer's Pills, an invaluable remedy for constipation, billousness, and kindred disorders, peculiar to miasmatic localities. Taken in small and frequent doses, these Pills

Act Well on the liver, restoring its natural powers, and aiding it in throwing off malarial poisons."

— C. F. Alston, Quitman, Texas.

"Whenever I am troubled with constipation, or suffer from loss of appetite, Ayer's Pills set me right again."—A. J. Kiser, Jr., Rock House, Va. "In 1868, by the advice of a friend, I began the use of Ayer's Pills as a remedy for billousness, constipation, high fevers, and colds. They served me better than anything I had previously tried, and I have used them in attacks of that sort ever since."—H. W. Hersh, Judsonia, Ark.

A Servicable and Comfortable Carriage is a good thing to own, and it ought not to cost much after its first cost if fairly used. But we have

known a man to buy a Carriage from CARRIAGES. us and break it all up before reaching home. The Carriage was not to blame though; rum was. We warrant the Carriages we sell against fair usage but not against ram. That knocks our warranty out, and we are sorry to say it usually knocks the man out too,

There is a little history attached to the Factory were our

Carriages are made, which may interest you. The Gananoque Carriage Factory was started by some Ontario men. They did not have much experience when they began though they had a lot of money. One was a grain buyer, and another a merchant, and another a member of parliament. and so on. In a year or two they had less money, but more experience, and then being sensible men they began to look for other men who had both money and experience to join them. else they would not have had anything but experience left.

Just about that time, some makers of Carriages form Ohio were at Ottawa trying to get the Government to lower the barrier which prevented them from driving their vehicles over into our markets. But the Government said NO. If you want our markets bring your men and your machinery and your money into our country and make here the carriages you

want to sell to our people. Then the Ohiomen sought the Ontario men and they all combined. The Ohio men had practical experience in making fine Carriage and the Ontario men had a good general knowledge of our country and what its people wanted their vehicles to be like.

The combination was a good one, and has prospered Gananoque Carriages were sold last year by the thousand in every Province of Canada, from the shores of one great ocean to that of the other and all along the ways between. We

ourselves last year and expect to sell as many this year.
