then asked for repairs, it would have been the duty of Council to grant the request. As it was now, they were constantly paying out money on these buildings and receiving nothing in return.

Coun. Kelly—Wilson is liable, and the rent can be recovered from him.

Coun. Tweeddale thought valuable developments had been made. Mr. Day, yesterday had given them the information that Wilson had been occupying the premises two years, under lease, at a rental of $30. There was no evidence that Wilson had paid the rent, and immediate steps should be taken to ascertain Wilson's intentions; if Wilson was responsible and if he had not done so, he should be made to pay. If he was a paying tenant it was but reasonable that the county should keep the premises in repair. It was one thing for the committee to report the repairs necessary; another thing to make the repairs. It was public property and if they could let it for a residence, it was in the interest of the county to see that it was kept in repair.

Coun. Jenkins thought it was necessary to have the lease before them so that they might know its conditions.

Coun. Brymer was just going to make the same suggestion. The lease ought to be produced and then if Council thought it their duty they could order the repairs.

Coun. Kelly said that he had understood from Wilson that a lease was made, the Secretary Treasurer thinks there was a lease and Mr. Day was of the same opinion, and the lease ought to be present. But whether or no, the repairs were a necessity; a Lock-up was needed at the Grand Falls; and the public property should be cared for.

Coun. Tweeddale said he understood the lease was in the possession of the late Secretary Treasurer; it might be well to ask him to come before Council and make a statement.

Moved Coun. Kupkey, seconded Coun. Brymer, that the poormasters of Andover receive $5 each for their services as such for the years 1888, '89 and '90. Carried.

Moved Coun. Brymer, seconded Coun. Philip, that the assessors of the parish of Perth receive 1 per cent. in addition to what they already receive. Carried.

Moved Coun. Brymer, seconded Coun. Tweeddale, that the constable notify the Inspector of Licenses to submit his report to the Board. Carried.

Adjourned until 1 30.

Council met pursuant to adjournment.

Councillors all present, except Coun. Scott.

On motion the late Secretary Treasurer was heard in regard to lease of County buildings at Grand Falls.

Mr. Straton said the lease was somewhere in his office. It was made the 21st August, 1888. It was a yearly lease, the rent was $36; the lease was signed by Coun. Day and himself, and was duly acknowledged and executed. No rent had yet been paid, and there would be consequently two years due in August, 1890. Wilson was liable for the rent from the date of the lease. He did not think Wilson had been called on to pay any rent.

On motion the Secretary Treasurer was ordered to call on Mr. Wilson, the tenant, for the amount of rent due.

Moved Coun. Tweeddale, seconded Coun. Brymer, that the report of the Building Committee, Grand Falls, be received. Carried.

Moved Coun. Tweeddale, seconded Coun Kelly, that a committee be appointed to superintend the repairs of lock-up at Grand Falls and that the Sec. Treas. on receiving the sum of $60, two years rent to August next, from L. W. Wilson, the occupant of said lock up, that the Sec. Treas. give instructions to said committee to have the repairs recommended effected, and, if Mr. Wilson fails to pay said rent due Aug. next, then no repairs be made on the building. Carried.

The resignation of J. Allan Perley as Auditor, was tendered and accepted and Geo. E. Baxter appointed in his stead.

On motion, Couns. Kelly and McCluskey were appointed a committee to superintend the repairs on building at Grand Falls.

Moved Coun. Brymer, seconded Coun. Tweeddale, and resolved that the Council form itself into a committee of the whole to examine the accounts of 1890, submitted by the late Sec. Treas.

Coun. Brymer was appointed chairman of such committee.

The committee reported as follows:—

COMMITTEE ROOM, ANDOVER, } July 3, 1890.

To the Warden and Council of the Municipality of Victoria:

The Council in committee of the whole on the late Secretary Treasurer Alex. Straton's account, submitted by him, showing his receipts and expenditure since Jan. 1st, to date of his resignation, beg leave to submit the following report:

We find by Mr. Straton's account credits to the county of receipts from various sources with the balance due county as per account of January 1st included to be $1475.66, and are of the opinion that there are some payments to him by collecting magistrates that do not appear to the credit of the county.

The expenditure according to said account amounts to $854.58, showing a balance due the county of $621.08. Vouchers compare with all items charged except two items amounting to $40 for which amount no vouchers appear.

ALBERT BRYMER, Chairman,
J. FLETCHER TWEEDDALE,
A. E KUPKEY,
JOHN BARKER,
JAMES JENKINS,
JOHN MCCLUSKEY,
JAMES P. KELLY,
WILLIAM PHILIP,
R. M. GILLLESPIE,
DANIEL MURCHISON,
WM. BRAYALL.

Report of committee being read, Resolved the report be received and adopted.

Moved Coun. Tweeddale, seconded Coun. Kelly—That the Secretary and Warden be authorized to issue two Debentures for the sum of Five Hundred Dollars each, to be redeemed in the years 1895 and 1893 respectively, to be used for the purpose of paying off the liabilities of the county and to be met out of an assessment to be levied on the county by the County Council in the years in which they fall due. Carried.

On motion John Torrence was appointed Surveyor of Bark, and Joseph Straton Surveyor of Lumber, for the Parish of Gordon.

Adjourned until 7 o'clock evening.

Council met pursuant to adjournment. Councillors all present, except Coun. Scott.

Moved Coun. Tweeddale, seconded Coun. Kelly that a committee composed of the Secretary, Warden and two members of the Council be appointed to take action against the late Secretary Treasurer, Alex. Straton and his bonds, to recover the moneys due the county as shown by the delinquency which appears in his accounts and that said committee be instructed to employ a competent lawyer to institute proceedings and act with them in prosecuting the claims of the county against said Alex. Straton and his bondsmen. Carried.

Coun. Tweeddale and Brymer were appointed to act with Warden and Secretary Treasurer on committee.

Moved Coun. Kupkey, seconded Coun. McCluskey, that the assessment of William A. Brown be reduced as per sworn statement. Carried.

Moved Coun. Barker seconded Coun. Jenkins, the return of J. T. Everitt, Commissioner, Parish of Lorne, be adopted. Carried.

Moved Coun. McCluskey, seconded Coun. Kupkey, Resolved that the Secretary Treasurer call on Collecting Justice Hallet, Grand Falls, for a return of all delinquent lists in his hands. Carried.

On motion the report of License Inspector Cameron was received and adopted.

Adjourned *sine die*.

Divorce.

Last evening in spite of the warm weather the opera house was filled to its utmost capacity to witness the Harry Lindley Company present Bartley Campbell's great piece, Divorce. The piece is beautiful itself to say nothing of the fine acting displayed by this Company. The wardrobes were magnificent, and Stage Manager Secord deserves much praise for the fine manner in which he set the stage. It was without doubt the finest performance seen in our city for years back, and Mr. Lindley will always meet with a royal reception whenever he visits our town.—*Moncton Daily Times.*

The strange report is published that Naples, a small village near the shores of Canadaigua Lake, N. Y., was treated to a shower of fire during a heavy rain storm recently. A report was heard resembling a sharp clap of thunder and a moment later a shower of live coals, as it is generally described by the villagers, fell. The coals sputtered and were extinguished by the falling rain. The theory advanced to explain this curious phenomenon is that a meteor burst over the village, and the red hot fragments were scattered promiscuously about.

A letter from Minnesota to a friend in Nova Scotia, says:—

The N. B. Railway.

With this week, presumably, the control of the road known as the New Brunswick Railway will pass into the hands of the C. P. R. Company. This change in the management will not of course very much effect the business of the Province one way or the other, it may, however, effect the positions of some of the long-time employees of the N. B. road, altho' there is reason to suppose that few of the heads of departments will suffer. One result has already been announced that will be pretty generally regretted; namely, the retirement of Mr. Cram from the position of General Manager, and none probably will regret this more than the employees of the road at large. We think the *Sun* has voiced the public sentiment in its remarks as follows:—

"Whatever may be the feeling of the people of St. John and the Province generally with respect to the transfer of the New Brunswick Railway to the Canadian Pacific system, there will be only one opinion in respect to the retirement of Manager Cram, if that shall prove to be one of the results of the consolidation. Whether Mr. Cram pleased the stockholders and directors of the road can only be judged by the trust they reposed in him, and the large control he has been permitted to exercise. With the travelling public and the patrons of the road generally Mr. Cram has been singularly popular. He has been the ideal manager in his desire to remove any dissatisfaction however trivial, and in keeping himself in touch with all the people who bring business to the line. Mr. Cram is a thorough railway man and a gentleman, and will have the best wishes of the people of Western New Brunswick—wherever he goes."

It has been generally supposed that Mr. Cram would continue to manage the Eastern division of the C. P. R. but it appears that gentleman has resigned, and his successor, Mr. Timmerman, arrived in St. John on Saturday last, and to-day, Saturday, is to assume the duties of General Superintendent of the N. B. division of the C. P. R. Mr. Timmerman has, with Mr Cram, been engaged during the week in looking over and becoming acquainted with his charge. Those who have met Mr. T., in St. John and elsewhere, have been impressed favorably; he is a young man with a pretty large practical acquaintance with railway management and has, for ten years, been superintendent of the C.P.R. between Winnipeg and Port Arthur. The *Sun* says:—

"So far as can be learned no changes in the railway staff are contemplated. St. John will form the practical Eastern terminus of the Canadian Pacific, and, as such, a staff quite as large as the present one in the New Brunswick office will be required to carry on the business. For the present the Eastern division of the Canadian Pacific will be from St. John to Vanceboro, but it is said that in the near future the Eastern division will extend as far as Matawamkeag."

The *Globe* probably indicates properly the reason for Mr. Cram's resignation. It says:—

"It is understood, and indeed it is gratifying to know, that Mr. Cram's retirement is voluntary. In other words that, had he been disposed to continue in the new service and retain a position under existing conditions of pay and the necessarily changed condition of rank, he might have done so."

Orange Blossoms.

A happy event occurred at the residence of J. S. Leighton, Esq., on Wednesday evening, when his daughter, Miss Sarah, was united by Rev. Geo. Seely, in the holy bonds of wedlock, to J. C. Hartley, Esq. None but the nearest relatives to the contracting parties were present. The bride was supported by her sister, Miss Clara, while A. P. Barnhill, Esq, of St. John, ably assisted in sustaining the groom through the trying ordeal. The bridal presents were not only numerous but, as well, costly and handsome. Mr Hartley is popular with all classes, and his bride is a young lady who, for her estimable qualities, has endeared herself to all her acquaintances, and the SENTINEL is but voicing the general sentiment when it sincerely wishes the happy couple a long life of continued happiness.

$4,000 Stolen.

After we had gone to press last Friday morning, a rumor spread, and soon became confirmed, that a package containing $4,000 had been stolen from the Bank of Nova Scotia. Of course the rumor created great excitement and that excitement was increased when it was learned that Robert G Sanders, teller in the bank, had been arrested on suspicion of having committed the theft. It was, and is up to the present, impossible to get at all the facts of the case, but the following details may be taken as correct: Sanders was to have taken a package of $4,000 to the Express office before banking hours, the package being deposited in the bank vault over night. On Friday morning when J. Marven Walker, clerk in the same institution, went to the bank, an hour later, he found the vault door slightly open and Sanders lying inside in a seemingly unconscious condition. Walker aroused him, when Sanders stated that after he had opened the vault for the purpose of getting and delivering the package, he was struck down by some unknown person from behind; there was a slight scratch on his head and the crystal of his watch was broken. When Walker reached the bank he found the door locked and, when he entered, the back window was up. After due consideration the local manager, A. Flemming, felt it his duty to have Sanders arrested, which was done and he was committed by Police Magistrate Dibblee for examination on the following Monday morning, at which time the prosecutor not being present he was remanded until the following afternoon, and then for a like cause he was further remanded till to-day (Saturday). D. McLeod Vince was the prisoner's counsel. The prisoner is a native of Yarmouth, N. S., about 20 years of age, has been in the employ of the bank for some years, and hitherto, we understand, bore a good character. Detective Powers, of Halifax, was sent for and remained a couple of days investigating into the affair. Sanders father also reached here Monday morning.

It is now asserted, and we believe with truth, that the bank has recovered the stolen money. What next?

Farewell! Farewell!

A jolly party of young men met at Mr. J. H. Williamson's saloon on Tuesday evening, the occasion being the demise from single blessedness of Mr. J. C. Hartley. After the inward man had been replenished the evening was spent in speech making, singing and story telling, of which there was an abundance. The "wee sma hours ayont the twal' were well on before the party broke up. It was a gathering in which wit, humor and pathos combined to make the evening one long to be remembered by those present. There was a concensus of opinion among those present that Mr. Hartley is a 'jolly good fellow.' Mr. J. J. Gallagher occupied the chair. The following toasts were proposed and were responded to in the order named and after singing Auld Lang Syne the company broke up to meet at a similar occasion on some future day.

Toasts: The Queen, God Save Our Queen; Our Guests, responded to by J. C. Hartley; The Bar of N. B., responded to by Messrs. Barnhill and Carvell; The Militia, responded to by Mr. Geo. The toasts were interspersed with songs from Messrs. Hartley, Anderson and Kerr.

Little Lord Fauntleroy.

The Harry Lindley Company presented this well known drama to a fair audience in Music Hall last evening. In every respect, this company quite deserves the highly complimentary press notices which have followed its performances in the different cities in the eastern Provinces, and is by far the best purely theatrical company that has visited St. John for some time. The acting of little Mabel Paige as, Little Lord Fauntleroy, was an exhibition of histrionic ability that is rarely met with in a child of her years. To-night, the play Divorce will be presented, in which the old time favorite, Harry Lindley, will take a prominent part,—*St. John News.*

Everybody is waiting anxiously for the 5th August, in order that they may enjoy St. Gertrude's picnic, which promises to be an unusually pleasant one.

Messrs. J. T. Garden, J. C. Gibson and Hugh Baker have returned from their fishing excursion to the Miramichi, well pleased with the result.

Ex-Mayor Jones' residence and surroundings have been much beautified in appearance by the tasty coat of paint administered by Stoop's skilful hand to the buildings and fence.

The old Baptist Church, which has so long stood as a land mark, at the upper end of Main street, is being taken down, in order to make room for the improvement of Mr. John Fisher's fine premises.

As usual with public celebrations at McAdam, the Foresters' entertainment on last Friday was a success. Over $50 were realized, above expenses, toward the public hall building the erection of which is proposed.

A large audience greeted Prof. Tuthill, in the Town Hall, on Friday evening of last week, and his effort to prove that 1900 would not be leap year was eminently worthy of the notable lecturer and the importance of the subject.

The horse, harness, and waggon, stolen from P. McLauchlan, as noted by us last week, were found on the Bangor road, some 8 miles from Houlton. The horse was wandering about the road, and the waggon was found in the bushes.

The young ladies, members of Miss Jennie Munro's Sabbath School class, who form a society under the title of the True Blue Mission Band, gave a very pleasant social in the W. C. T. U. hall, Monday evening. It was quite generously patronized.

We notice that Mr. Geo. E. Baxter of Andover, is sending to market here and in other towns of the Province, large quantities of cultivated strawberries. Mr. Payson in his grocery store here has been offering some fine specimens of Mr. Baxter's fruit.

Mrs. Archibald, returned missionary, will lecture in the Baptist Church, Rockland, Wednesday evening next, 30th inst. Her subject will be mission work among the Telegoo's, and during her lecture she will exhibit a number of curiosities brought from the mission field.

Large strawberries are, at this season, being noticed in the newspapers. We had some the other day, taken from the vines promiscuously two dozen of which laid side by side covered a space of 34 inches. The largest was 5½ inches in circumference; the average of the two dozen, 3¾ inches in circumference.

Hon. Wm. Lindsay was the victim of a bold robber one night last week. While enjoying the refreshing sleep which comes from an undisturbed conscience, some smart thief entered his bedroom, seized his pants, and conveying them down cellar abstracted from the pockets all the money they contained, some $35. The cellar door was found open in the morning, and the pants laying on the sill.

The boy preacher, I. E. Bill, lectured here on two evenings of last week, and on Sunday evening, preached in the Albert Street Baptist Church. On each occasion he had more than a full house to hear him. Master Bill possesses a rare power at word painting, and many times, especially during the delivery of his Friday night lecture, reached the truly eloquent. His recital of the chariot race, in Ben Hur, was a masterly effort.

From Aug. 7th to 12th inclusive the N. B. Railway will sell excursion tickets to Boston and return, good to return from August 12th to 20th. The usual monthly meeting of the Women's Union Missionary meeting was held in the Orange Hall, on Friday evening of last week. Mrs. H. V. Dalling occupied the chair and Miss Henderson presided at the organ. The attendance was small; in fact it is something strange that at these meetings the male members of the several town churches should be so conspicuous for their absence. Clever original papers were read by Mrs. Dalling, Mrs. W. S. Saunders, Miss Sharp, and Mrs. Trewin, Miss Colpitts and Miss Irvine read extracts on missionary work.

Messrs. James Hayden and A. Dunbar are erecting a fine looking and substantial building, just above the residence of George Saunders, and nearly opposite the Pumping station, intended for occupancy by Mr. Dunbar as a machine shop. The building is 50x30, three stories. It is intended, we believe, in the fall, to erect a building in connection with the above, 50x25 feet, for the purposes of a foundry. In the mean time Mr. Dunbar is running a machine shop in a building just above Hayden's mill, where he is turning out some fine work in the shape of clapboard machines, etc. The machinery is run by a neat little, but powerful engine, of Mr. D's own construction.

John Workman and wife also went toppling over a rough bank, sustaining, however, no injuries worthy of mention.

Solicitor General Pugsley for the Crown, and Geo F. Gregory, Esq., for the defence. Thibideau, who was found guilty of obtaining money under false pretences, was also sentenced to twelve days gaol.

The strawberry trade is developing largely in this section of the country; they are very plentiful this season, and tons of them are being shipped to the American market daily.

Farmers expect to begin haying some time this week, and the crop promises a heavy yield. Weather continues very fine and favorable for the growing crops.

Rev. Joseph Allard and family are visiting here, the guests of Mr. F. W. Kertson. The rev. gentleman occupied the pulpit of the Mission church last evening and preached to a large congregation.

There was a social dance in Victoria hall last Thursday evening, under the management of the Grand Falls base ball club. Though the weather was inclement, the attendance was very good and a pleasant time enjoyed. Mr. James Lynch furnished the music.

Since the Mission Church has received its new coat of paint, it presents an attractive appearance. It is said that a strawberry social is projected by the ladies of the congregation, in order to raise sufficient funds with which to liquidate the balance due for painting the church.

Cause of Summer Complaints.

The direct cause of pain and looseness of the bowels, is an irritation of the mucous membrane of the same, sufficient to produce excessive peristaltic or worm-like motion in the interior of the bowels by which means the matter in the bowels is naturally carried through them. This excessive irritation causes more than a natural peristaltic action, and the partially digested food matter is kept constantly passing along and evacuated freely. This is called a diarrhea, by which an irritation is started are intestinal dyspepsia, overeating, unripe or overripe fruit, tainted meats, or oysters, etc.; torpor of liver, by which not enough bile is secreted; *excessive* flow of bile, etc TREATMENT. Thoroughly evacuate the bowels with say, Parson's Pills, they are among the best to get rid of all irritating matter. Then take Johnson's Anodyne Liniment in teaspoonful doses diluted with water every four hours, and oftener if the case is severe. In cases of Asiatic cholera, one teaspoonful should be given every half-hour. Thousands of people remember the year 1849, when that worst known epidemic disease spread over this country. Johnson's Anodyne Liniment at that time was but little known outside of the State of Maine. In Bangor, Maine, the home of old Dr. Johnson, the Cholera got a firm hold—people dying in that small town at the rate of "thirty six in one day."

Many old citizens of that place look back upon that wholesale death scene even at this late day, and shudder at the pangs it cost. Johnson's Anodyne Liniment is now in its full vigor, and they feel that with it at hand cholera cannot again devastate their fair city as in 1849. But for its use at that time by its friends, many would not now live to spread the joyful news that any case of diarrhea, dysentery, cholera morbus, cholera, or kindred diseases, *if taken in season* can be cured by Johnson's Anodyne Liniment. It never yet failed. No matter how well you know this medicine it will pay you to send to I. S. Johnson & Co., Boston, Mass., for a pamphlet free just to learn how to use the liniment economically. A tea spoonful properly used will often do more good than a half-bottle as some people use it

Literary Notes.

For midsummer reading, the August *Ladies' Home Journal* is like a cooling breeze—all the stories savor of the sea and country, and Julian Hawthorne, Maud Howe, Louise Chandler Moulton, Kate Upton Clark, Jenny June, Dr. Talmage, all vie with each other in story, poem and article. The article on "Promiscuous Bathing" for girls is especially timely. The life of the fashionables at Newport is delightfully told in an article. Dr Talmage tells how he preached his first sermon, while ten of our most famous women try to answer the question, "Which is the Happiest Hour in a Woman's Life?" Caroline B. Le Row says some very helpful things in telling what are the "Essentials of a Good Teacher," while the departments devoted to flowers and talks with girls, are especially well filled this month. Altogether, the August *Journal* makes the very best of summer reading—pure and bright, and as entertaining as beneficial. The number costs only ten cents. The *Journal* is published, at one dollar per year, at 433-435 Arch Street, Philadelphia.

The superior merits, as a blood-purifier and invigorating tonic, possessed by Dr. Pierce's Golden Medical Discovery, warrant its manufacturers in selling it (as they are doing through druggists) under a *positive guarantee* that, if given a fair trial, it will cure all diseases arising from a deranged or torpid liver, as indigestion, or dyspepsia, and all humors, or blood taints, from whatever cause arising, as rkin, scalp and scrofulous affections. The terms are, a benefit or cure, or money returned.

It is the hope that she now sleeps in Jesus that supported her afflicted husband and friends through her sickness. The remains of the deceased were followed to the grave by a large concourse of relatives and sympathizing friends who came to pay their tribute of regard to the memory of the departed.

We miss thee from our home, dear,
We miss thee from thy place;
A shadow o'er our life is cast,
We miss the sunshine of thy face.

We miss thy kind and willing hand,
The fond and earnest care;
Our home is dark without thee—
We miss thee everywhere.
