## A Danger Signal!

A Cold in the Head may be aptly termed a danger signal warning you that if neglected that dange ous and disagreeable disease. Catarrh is sure to follow, perhaps leading to Consumption and the grave. At no season of the year is Cold in the Head more prevalent than during the Spring months and at no other season do the people of this country suffer more generally from Catarrh, with all its disagreeable and armoving effects. Do not for an instant neglect either of these troubles, but apply NASAL BALM, the only remedy that will give instant relief and effect a thorough cure. The folowing testimonials from among thousands in our possession bear witness to its sterling marit:-

A Terrible Warinng.

The German spelling for "beer" is "bier." In English a "bier" is a frame or carriage for conveying dead bodies to the grave. The step from beer to the grave is very short. For some years a decided inclination has been apparent all over the country to give up the use of whiskey and other strong alcoholice. using as a substitute beer and other compounds. This is evidently founded on the idea that beer is not harmful, and contains a large amount of nutriment : also that bitters may have some medical quality which will neutralize the alcohol which it conceals, etc. These theories are without confirmation in the observation of physicians. The use of beer is found to produce a species of degeneration of all the organs; profound and deceptive fatty deposits, diminished circulation; conditions of congestion and perversion of funcheifer calf with two distinct heads, four front tional activities; local inflammation of both the liver and kidneys, are constantly present. died shortly after birth and was put in the Intellectually, a stupor, amounting almost to paralysis, arrests the reason, changing all the higher faculties into a mere animaliem paroxyems of anger that are senseless and brutal.
