Cured by Cuticura If I had known of the CUTIEURA REMEDING wen'y eight years ago it would have saved me \$200 00 (two hundred dollars) and an immease amount of suffering My disease (psoriasis) com-menced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have the disease over again I am a spoor man, but feel rich to be relieved of what money. I looked like the picture in your book of psoriasis (picture number two," How to Cure Skin Diseases") out now I am as cleer as any person the passing of this act. ever was Through force of babit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well scratched twenty eight years, and it got to be a kind of second nature to me. I thank you a thousand

The most generally useful medicine is Ayer's Pills. As a remedy for the various diseases of the stomach, liver, and bowels, these Pills have no equal. Their sugar-coating causes them not only to be easy and pleasant to take, but preserves their medicinal integrity in all climates and for any reasonable length of time. The best family medicine, Ayer's Pills are, also, unsurpasse for the use of travelers, soldiers, sailers, campers, and pioneers. In some of the most critical cases, when all other remedies have failed,

Ayer's Pills

"In the summer of 1864 I was sent to the Annapolis hospital, suffering with chronic diarrhea. While there, I became so reduced in strength that I could not speak and was compelled to write everything I wanted to say. I was then having some 25 or 30 stools per day. The doctors ordered a medicine that I was satisfied would be of no benefit to me. I did not take it, but persuaded my nurse to get me some of Dr. Ayer's Pills. About two o'clock in the afternoon I took six of these pills, and by midnight began to feel better. In the morning the doctors came again, and after deciding the doctors came again, and after decidin that my symptoms were more favorable, gave me a different medicine, which I did not use, but took four more of the pills instead. The next day the doctors came to see me, and thought I was doing nicely, (and so did I). I then took one pill a day for a week. At the end of that time, I considered myself cured and that Ayer's Pills had saved my life. I was then weak, but had no return of the disease, and gained in strength as fast as could be expected."—F. C. Luce, Late Lieut. seth Regt. Mass. Vol. Infantry.

"Ayer's Pills are The Best I have ever used for headaches, and they act like a charm in relieving any disagreeable sensation in the stomach after eating."

—Mrs. M. J. Ferguson, Pullens, Va.

"I was a sufferer for years from dyspepsia and liver troubles, and found no permanent relief until I commenced taking Ayer's Pills. They have effected a complete cure."—George W. Mooney, Walla Walla, W. T.

SPEED

The Plough and the Harrow, if well speeded, will speed the farmer to prosperity. If you want to make the best speed, use a Steel Plough and Harrow of the best sort, time, and "time is money" in

and then you will make fast seeding time. You will make easier work for your horses too if instead of using a Cast Iron Wedge Plough you use a Steel Screw Form Plough, which sticks its point into the soil and lifts and twists and turns the land so that the sun and air will have a chance to fructify and strengthen it.

If you make your team pull hard and strain over the work of hauling a poor plough, or go over the land twice as often with an old-fashioned wooden harrow than is needed, if an improved Flexible Steel or Spring Tooth Harrow is used, you will have to pay for it in extra oats and hay and time, that is sure. In the last ten selling seasons or years we have sold ONE HUNDRED THOUSAND Dollars worth of Steel Mould-board Ploughs. Our sales keep up to a steady average and do not decrease in any district where once fairly introduced and compared in working rial and results with Cast Iron Ploughs.

Steel Mould-toard Ploughs haul easily, scour clean in any wil and leave the land in the best position and condition.-Steel Ploughs are the lightest, strongest and most durable of ny kind made.

The Steel Ploughs we sell are made by Wilkinsons, who have the largest factory in Canada devoted to plough manuacture. Geo. Wilkinson is the oldest Steel Plough maker only, in Canada. Wilkinson's Ploughs have taken more first prizes at ploughing matches and fairs than all others. They are sold in every Province in Canada, and in all the Territories of the North West. We offer Wilkinson's Steel Ploughs at lower prices than

usual this year, and hope to sell a car load in Carleton Co. We have on hand our usual large stock of straight tooth all steel Harrows, and a considerable quantity of Jubilee Spring Tooth Harrows, also all steel. If you want a Plough and Harrow this spring, call at our Warehouse, or upon our pearest agent, and get well served with the best of their kind in New Brunswick.
