The Scalp Covered with Sores. A Wonderful Rapid Cure by the Cuticura Remedies.

His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the Cuticura Remedies, which I did. He took one and one half bottles of Cuticura Resolvent one and one half bottles of Cuticura Resolvent.

He is now five years of age and all right. The other case was a disease of the scalp, which was cured by washing with the Cuticura Soap and rubbing in the Cuticura Soap and rubbing in the Cuticura Soap and rubbing in the Cuticura Resolvent Cuticura Resolven Leing used. It is suprising how rapidly a child will improve under this treatment.

Nov. 10th, 1890. INTERESTING LETTER FROM REV. T. H. SIDDAL.

In the Bay States Canada has had weight.
Uncle Sam speedily wakes up when the
dollars are at stake.

Now comes the question, what will be done with the victory? another tariff done with the victory? another tariff straggle sure! trade menaced, cast in dissorder and general madness all round. Both parties are going to be put in a hard place. The victors will go slow looking to 1892, and the conquered will push them hard to get them into a muddle. It may be that leaders of the Republicane will in the Senate aid the question of a change in view of public opinion. For there's no doubt the people have condemned the McKinley bill. One manifest reason for the landslide is the disgust of business men who dislike radical changes. Another is in the west—the general discontent among farmers. Then so many interests have been stirred up by the legislation of last session of Congress, that the people became alarmed. The present administration has got in a big hole. Its usefulness is about finished. It cannot even rest and be thankful. All to be done is to

wait like Micawber "for something to turn up." But the world will wag and Uncle YOU CAN STOP THA Father Ignatius, a monk of the British Church, is here. Weather for days been glorious. Stores are crowded. Boston is a great and grand city. To me everyway superior to Chicago.

The queen city of the west is a marvelous city, full of restless energy. I have spoken to men who passed through what is now the heart of the city when it was a straggling village. Its public buildings are models of excellency. Streets broad, but far from clean. Stores equal to any in the east

Newspapers are far ahead of anything in
Boston. The editorials of the Chicago tain in its effects. Prepared by Herald are the pink of perfection. The auditorium is a marvel. Character of the building, and the appointments can scarce be excelled. Hotels are magnificent; two things Uncle Sam claims par excellence hotels and news.
