the Phrenological Journal and Science

Health is a realizing feature of the October

number, and the account of him shows a fitting memoir to the late Sir John McDonald. Supply and Demand contains truthe that just now appear to be fermenting in some quarters. Two notable Americans are set off entertainingly in Character and Attidude. Dr. Elisha Bartlett is written up among the distinguished phrenolo-gical lecturers of fifty years ago. while Alice Fietcher, the ethmologist, receives the attention she deserves from the editor. Prize Essay No. Tuesday, October 20, not Messiah's Mother the Bruiser of the Serpent's Ayrebire beifer, over 2 years and under 3 | she deserves from the continuous of the Oc. tober list, and written by a man of more than average capacity. So, too, Some Practical Thoughts on the Discrimination of Character come from a professional hand, and are instructive. In Child Culture, Hetty Dean is, as usual bright and suggestive, and The Girl with One Sired by "CONCENTRATION," "ECLECTIC" Talent gives much encouragement to the homely and "AURORA." mostly all out of dams that ones. Science of Health has more than its or- could or can show three minutes.

In his address at Fredericton, on dairy

farming, Pro! Revertson referred to the great the export was but six million lbs. the value of \$600,000, while now it was 100,000,000 Pure bred Lincoln ram, any age-First, pounds, of a value of \$10,000,000. He stated that the Dominion and Provincial grants Ken- this year were \$40,000. Ontario's grant is \$9,200, while Quebec's is \$11,000. For Pair of ewes over 2 years, that raised successful dairying, good natural conditions Pair ewes, over I and under 2 years-First, But in order to turn these conditions Pair ewe lambs-First, Archibald Scott; dairy farming is necessary. Beef, mutton from which the farmer derives his income. Prof. Robertson enlarged on these points and his interesting address was listened to with marked attention by the farmers present from nearly every county in the Province. At the conclusion of his address, Jas. A. Barter of Carleton Co , moved the following resolution "After hearing Prof. Robertson's remarks on

> minion, this meeting recolves that a dairyman's association be formed for this Province. The resolution was seconded by S. H. Clowes and carried unanimously. A committee was appointed to report at an edourned meeting the names of representatives from each county in the Province to form a board of directors for the association.

A New Brunswicker Abroad. The Seattle Press Times of September 26 ontains a long account of the return of the Hon, John Leary, who went about mid summer to Japan. Mr. Leary is a St. John man who has made for himself a name and a most honorable position, as well as a great deal of wealth, in Washington, and is one of the foremost citizens in Seattle, of which place he was the first Mayor. For some time he had been contemplating a long holiday and last year he told a Globe representative who met him in Seattle that he intended to Potatoes, Christies, 25 heaviest-First, take a tour around the world the present John. He also good humoredly talked of Potatoes, Susie, 25 heaviest—First, Geo. journey, for he seems to have confined him- And We Will Do It! arry out this intention of a more extended self to a two months' holiday, in which he Potatoes, feeding stock, 25 heaviest—First, crossed to Yokohama from Vancouver in the Robert Montgomery; second, George Logue.
