To Those Interested in Fruit Growing.

IT is often said that the New Brunswick is a splendid apple, none better, but it lasts such a a short time. Why can't we grow a good keeper like the American Baldwin. We have that apple in the Wealthy which is just as hardy and productive as the New Brunswick, the apple being as good if not better than the Baldwin. Wealthy apples are for sale and on exhibition at G. W. Blipp's, where those who want a good apple or are interested in truit growing are cordialy invit-ed to call and see the best apple ever introduced to this part of the country.

Dr. Boskins of Vermont, authority on fruit growing save, that fruit growing is profitable six hundred miles further north than was supposed to be possible before the Wealthy was originated.
