To Those Interested in Fruit

Growing.

IT is often said that the New Brunswick is a
splendid apple, none better, but it lasts such a
short time. Why can't we grow a good keeper
like the American Baldwin. We have this apple
as good if not better than the Baldwin. Wealthy
apples are for sale and on exhibition at G. W.
Ship's, where those who want a good apple or
are interested in fruit growing are cordially in-
vited to call and see the best apple ever introduced
into this part of the country.

Dr. Hoskins of Vermont, authority on fruit
growing says, that fruit growing is profitable and
hundreds further than than was supposed to be
possible before the Wadley are originated.

F. SHARP.

Miscellaneous.

One of our physicians recently re-
ceived the following letter from a country
physician: "Dear doctor I have a patient
who phisical since does that the wind-
pipe has ulcerated, and his lungs have
dropped into his stomach, he is unable to
swallow and I fear his stomach tube is
gone. I have given him everything with-
out effect, his father is wealthy and able
and influential he is an active member of
the church and God nose I don't want
to lose him what shall I do; answer
by return mail please in need.

Reverent: I want to tell you, Dr.
Hornblower, how much I liked your
sermon on brotherly love yesterday
morning. It was powerful and quite to
the point.

Dr. Hornblower: I am very glad if
you enjoyed it.

Passenger: Enjoyed it! Well I
should say I did. There are a lot of
people in that church that I hate like
poison, and you made them thoroughly
uncomfortable.

Vender of Patent Medicine—Have
you had many contagious diseases in
your family, ma'am?

Lady of the House—Oh, yes, no end
of 'em. We've had the scarlet fever and
the measles, and the chickenpox and the
typhoid fever and the relapse—well, I
guess, we've had everything but the con-
valescence.

Vender—I have an excellent preven-
tive for that.

"Going to leave?" "Yes. Before I
came you told me that your other cook
had got married before she'd been with
you a month. I've been here now two
years and don't even know a single
policeman on the beat."

"You young scoundrel, said the fat-
ter, seizing his disbeliever by the neck;
I'll show you how you ought to
treat your mother!" And he gave him
several bangs on the ears and then shook
him till his hair began to fall out.

How's Your Liver?

The old lady who replied, when asked how her
liver was, "God bless me, I never heard that
there was such a thing in the house." "I was told
for her amiability. Promethes, who obtained
a rock, might as well have pretended to be
happy, as the man who is chained to a diseased
liver. For poor Promethes, there was no
escape, but by the use of Dr. Pierce's Pleasant
Purgative Pellets, the disagreeable feelings, irri-
table temper, constipation, indigestion, dizziness
and sick headache, which are caused by a dis-
eased liver, promptly disappear.

Brown—Say, Jones, you do not know
Miss Armour? why did you raise your
hat to her?

Jones—I didn't. It's my brother's
hat; he knows her.

The Grand Trunk System.

The Grand Trunk system differs from the hu-
man system in that the same troubles do not
affect it and the same remedies are not needed.
For all diseases of the human system there is no
tonic purifier, renovator and strengthener as
good as Burdock Blood
